

Angie Cringe (*sic*) is my MN congress critter. Not by choice. She's the one who interrupted congress for a shout out for her "wife's" birthday. She is also campaigning against Joe Teirab claiming he will eliminate abortion and protect child abusers. Angie supports Biden/Harris 100% including no search for the missing illegal immigrant children.

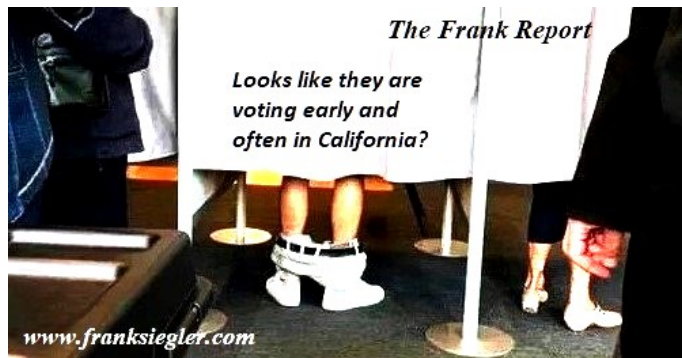

I contacted her office once and was lectured by her "constituent advocate" about proper use of pronouns. Never got an answer to my question about her vote. Maybe you'd have better luck. Here's the contact:

Caleigh Gumbiner | Constituent Advocate
Rep. Angie Craig (MN-02)
 12940 Harriet Ave S, Suite 238
 Burnsville, MN 55337
 (651) 846-2120 | caleigh.gumbiner@mail.house.gov
 Stay up to date with Angie.

Pronouns: they/them/theirs

Angie is running lots of ads on local TV and repeats Joe's name several times. Thanks Angie...now I know who to vote for and how to pronounce his name.

All the news I see fit to print.

Freedom of the press belongs to those who own one.

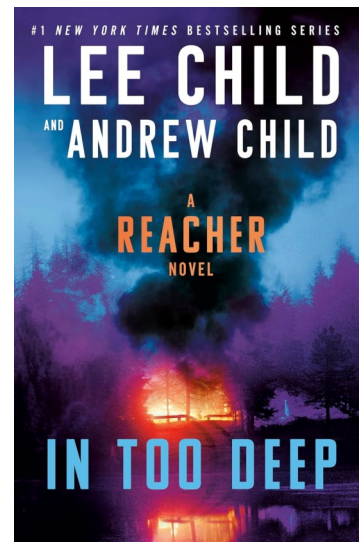

On Jan. 6, 2025, Vice President Kamala Harris will preside over Congress and count the electoral votes that will make either her or Donald Trump the 47th president of the United States.

From the 14th amendment: *No person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may by a vote of two-thirds of each House, remove such disability.*

Sounds like a fun time ahead. Meanwhile:

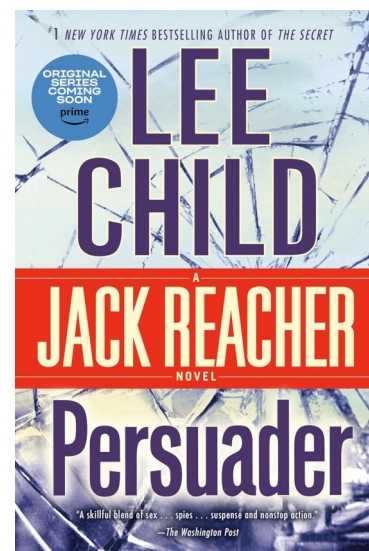

Texas removed more than 1 million ineligible voters from voter rolls with more than 6,000 having a felony conviction and almost half a million deceased. **Oklahoma** removed more than 450,000 voters consisting of 5,607 felons, 14,993 duplicate registrations, 97,065 deceased voters, 143,682 voters who moved out-of-state, and 194,962 inactive voters. **Michigan** has abnormally high voter registration rates of 90%, and 53 counties with rates over 100% this year. **Pennsylvania** has over 100,000 matches of voter registration records to Immigration and Naturalization Service indicators. **Arizona** voters who were incorrectly registered without providing proof of U.S. citizenship was 218,000. **Missouri** had 78,421 register to vote in just one week with 23,253 who were dead.

Anyone else notice that any election fraud discovered always favors a Democrat? That party has also come up with ranked choice voting, mail-in ballots, automatic registration with drivers license, voter ID labeled racist because they say a group of Americans are too dumb to get an ID, machines to replace election monitors, and of course, Soros DA's for lawfare disqualification of Republican candidates.

Book Report

The 29th of the Lee Child **Reacher** books is here. Amazon Prime will be releasing the next movie (Season 3) as early as January with Season 4 already underway. It's obvious that Amazon is fully backing the series making fans very happy.

Season 3 is based on book seven in the series. I have noticed Alan Richston has been very quiet after his outburst last year. Amazing what a little capitalism will do to reform a liberal.

I've finished the **Dr. Michael Palmer** books. I highly recommend this author.

Kamala lied about once working at McDonald's. In a master stroke, Trump spent a day working at McDonald's. The backlash was so transparent, even the Lame Stream Media noticed. Senate Democrats attacked McDonald's for price gouging. Then the Centers for Disease Control and Prevention reported an E. coli outbreak linked to Quarter Pounders.

Facebook permanently disabled the account of retired U.S. Army Lt. Gen.
