Time to get the popcorn while the idiots destroy each other:

Never heard of this before but it pops HUGE...Amazon. A few headlines that may require a very large bowl: Doctor actually clinically diagnosed a patient as suffering from climate change...Durham University Is Offering Students Lessons on How to Be a Prostitute... After Biden Regime removes Yemen's Houtis from terrorist list, Houtis storm U.S. Embassy in Yemen, taking hostages.

Last of the fish fillets...had to wrestle with The Boys...one of the little shxits got away with one from the counter.

All the news I see fit to print.

Freedom of the press belongs to those who own one.

**Pope:** "Return to normal would also mean a return to old social structures inspired by self-sufficiency, nationalism, protectionism, individualism, and isolation."

You bet your sweet ass I'm listening Francis...and now I understand why Pope Benedict is locked up. That normal you refer to is easily explained if you would read our Constitution and Bill of Rights...they come from GOD...remember Him?

Guess not: **POPE FRANCIS SAYS THE GREAT RESET MUST INCLUDE A 'CONCRETE COLLECTIVE MILITARY DISARMAMENT' AND A 'GREEN SPIRITUALITY' WHERE THE EARTH IS WORSHIPPED**

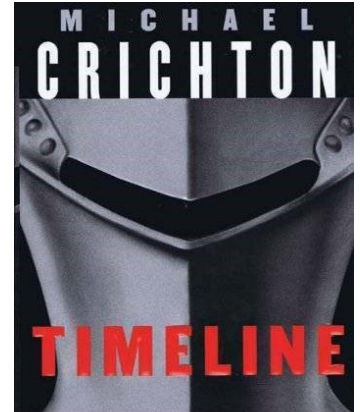

**FBI leaked a copy of The Frank Report? Wonder if he can spit venom 25 feet?**

So now we have a pope getting into geopolitics and Nancy Pelosi officiating at weddings. Opens up a whole new world of role reversals. Next thing you know there will be men claiming to be women and women claiming to be men while others will insist we honor the 52 genders they have discovered. Black conservatives will be scorned as white supremacists and Elizabeth Warren will be hired to run all of the tribal casinos.

All my friendships are built on alcohol, sarcasm and Inappropriateness.

### Book Report

Michael Crichton is best known for Jurassic Park. He was much more prolific if you enjoy the written word over the bastardization of his plots by Hollyweird, this one is proof positive as I read the book then watched the movie. Others I did not even know he wrote...

As much as I loved this movie, the book had a plot that was much too intellectual for Hollyweird.

-more-

Lame Stream Media offers you the faces of white supremacy...Sandman collected millions of dollars from one of several lawsuits with more to come. Kyle has been contacted by Sandman offering help to walk him to the same payday. Meanwhile...

...Lame Stream Media insists that the man on the left is a woman and the woman on the right is a white supremacist. Does that make you wonder if the Lame Stream Media will run out of money or stupid first. NBC gave us a combination of money/stupid by paying a "producer" to follow the bus taking the Rittenhouse jurors home.

Coincidentally, one of the jurors asked for permission to take all the jury materials home "to study". Either that juror is going to leak the info to NBC or will be using the materials she will copy for the "tell all" book she's planning to write to supplement the money she is paid for being a juror. Leaks so far include the fact that two women on the jury are the ones holding up the deliberations. One is scared of making a decision because of the backlash...the other has taken on the mantle of self-importance.

Meanwhile, LEO Chauvin (guy accused of killing George Floyd instead of the fentanyl he ingested) is mounting a repeal of his sentence. Looks like the jury system is going to need a major overhaul...or arrests of the people who try to interfere by false statements in the media or showing their ignorance with their (misspelled and grammatically incorrect) signs at the courthouses. I'm sure O.J. Simpson finds it all hilarious.

## Mal Mots

***Acupuncture is the only jab well done.***

***You're welcome.***

If I'm ever called for jury duty, I will conform to their dress code...and wear a dress. That should do it? I'm holding this space in case there is a verdict in the Kenosha trial...

**1PM 11.19.2021: NOT GUILTY all charges. Nick Sandman's lawyer has big smile on his face with pending lawsuits including Biden's.**

**Next up:**

**The official European Union database of suspected drug reaction website is now reporting 30,551 fatalities and 1,163,356 from COVID vaccines Pfizer, Moderna, and Johnson & Johnson, and AztraZeneca through November 13, 2021 based on the data submitted to its system.**

**Until next week...**
