

### Recipe Corner

#### Crock Pot Pecan Pie

##### Ingredients

- 1 uncooked piecrust
- 3 eggs
- 1 cup sugar
- 2/3 cup dark Karo syrup
- 1 cup pecans, broken up
- 1/2 cup butter, melted
- 1 teaspoon vanilla

##### Directions

Use and spray liner (*rather than directly in pot*) so you can lift out when done. Place uncooked piecrust in the slow cooker over the liner and press up the edges about 1/2 inch up the sides.

In a medium-mixing bowl, stir the remaining ingredients until well mixed. Pour on top of the piecrust. Cover and cook on HIGH for 2 to 3 hours.

*I have three crock pots...my mid-sized died so I bought another and recommend this recipe to justify the \$17 cost at Amazon. Ice cream or whipped cream (or both) of course!*

Some of the kids will be here Saturday after Thanksgiving...won't be having traditional food that day. Found some great ribs at Sam's Club to go with baked beans. #1 son will be doing a deep fat fry turkey.

**The left hates Nationalism because when people are united under one flag, it makes it harder to separate them by race, gender and religion. Nationalism isn't inherently racist, it just makes it harder for leftists to be.**

## Book Report

A Constitutional loophole and pirates involving Cotton Malone in the seventh of the series. Lots of history and action. This is the eighth one I've read and haven't been disappointed with any.

About those pirates...if you have trouble with porch pirates who steal the boxes from Amazon: I fill them with presents from The Boys (*the cat box*) and leave it on the porch until trash pickup day. Should work but no takers yet.

Peter and Paul (*front*) are addicted to the red dot. By noon, they are bugging me to start the game. All I have to do now is pick up the pen and they start jockeying for position. Paul can make it up a wall at least six feet. Caught Paul on my desk trying to knock the laser pen off. Maybe I should get a deck of cards and teach them the “Go Fish” game? “Chunky” Peter is actually the faster of the two but he can’t make it up the wall as high as Paul can.

Paul will sit and stare. If I ignore him, then he starts talking to me. If that doesn’t work, he rearranges stuff on my desk.

Daughter Mary’s work station (*911 dispatcher*) and I am jealous. Wonder which monitor is FARCEBOOK? She cheats and uses all her fingers on the keyboard. She keeps a clean desk. My advice is to sweep everything off your desk into the waste basket on Friday...the important stuff will be back by Tuesday.
