Kitchen Tips and Shortcuts

Always double the amount of garlic in any recipe; fry it in olive oil to turn it from harsh to sweet. Buy only garlic from Gilroy, TX and beware of China imports.

Never fry bacon, bake it on a sheet with foil in a cold oven turned on to 400°F. for 17 to 20 minutes. Save the rendered fat in a glass jar in the refrigerator.

Try frying your next steak instead of grilling. Ruth's Steak House in Chicago is famous for it and it works great with cast iron pans.

Sprinkle salt on your cutting board when chopping herbs like parsley or cilantro. Keeps them from flying all over the counter.

Always add at least 2tbs salt when cooking pasta and NEVER olive oil. Save the water for your marinara sauce. Long noodles measured with the diameter of a quarter will give you one 2 oz serving. Wait for the water to boil before adding pasta and use BIG pans of water. A closed fistful of smaller pasta will also give you one 2oz serving.

Last but not least: never wear a white shirt when making marinara sauce.

THE FRANK REPORT

11.9.2019 #199

*All the news I see fit to print.
Freedom of the press belongs to those who own one.*

CNN is getting very creative in their TDS (Trump Derangement Syndrome)...they are now also chronicling all of his twitter typos. Maybe Trump should start misspelling their names?

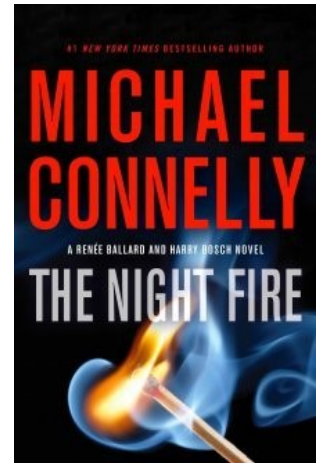

Picture probably moments before the doorbell rings, as he is definitely expecting company. Given the amount of fake news about the Schiff Show, the Lame Stream Media is getting set up to claim it's all old news thus not worth reporting.

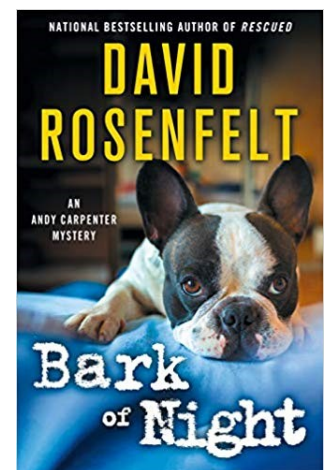

Bon Mots

*Roselee ran a tight ship.
I run a pirate ship. There's swearing, drinking and occasional mutiny from the crew we created.*

Book Report

Detective Bosch and partner *Rene Ballard* bringing the bad guys to justice again. Great plot, dialogue and character development. *Bosch* is also an Amazon hit TV series and Connelly is exec producer ...picked Titus Welliver for the lead role...dedicated this book to him. Highly recommend.

Stories always revolve around dogs. Hero *Andy Carpenter* could be called the Prius Lawyer with apologies to Connelly's Mickey Haller character.

Kamala Harris is complaining that she's failing because people aren't ready for a woman of color to be president. The funny part is, this is the primary, not the general election, so the only people she's accusing of racism are the Democrat primary voters.

Found this on the internet in a comments section...whoa!

Tulsi Gabbard will lose the Democratic nomination (Like Bernie, they will never allow her to win). Trump will bring her on to run with him as his Vice President in the 2020 election. Trump/Tulsi ticket will win in a landslide...biggest win in American political history. Trump will clean house for 4 years and then Tulsi will then be elected as President of a new and unifying American party and the socialist Liberals will be eliminated from politics for at least another 50 years. Probable dreaming here but that's my prediction and I'm sticking with it.

The Bad News:
we had our first snow.

The Good News:
we can take down these warning signs.

One day God was looking down at Earth and saw all of the rascally behavior that was going on. He decided to send an angel down to Earth to check it out. So he called one of His angels and sent the angel to Earth for a time.

When he returned, he told God, "Yes, it is bad on Earth; 95% are misbehaving and only 5% are not."

God thought for a moment and said, "Maybe I had better send down a second angel to get another opinion." So God called another angel and sent him to Earth.

When the second angel returned he went to God and said, "Yes, it's true. The Earth is in decline; 95% are misbehaving, but 5% are being good."

God was not pleased. So He decided to e-mail the 5% that were good, because He wanted to encourage them. Give them a little something to help them keep going.

Doing my thing with the annual Voice of Democracy VFW contest this year. Our commander turns me loose and I'm almost embarrassed the way I hijacked the high school's patriotic day celebration. All of the publicity was focused on our winner. Guess I was the only one contacting the press.

Do you know what the e-mail said?
