

Monica Crowley has been nominated by Trump for Ambassador, Assistant Secretary of State, and Chief of Protocol of the United States of America. She's not just a talking head. Check these credentials: graduate of Colgate University, two Master's degrees, and a Doctorate in International Relations, from Columbia University. *I'd pay to have her visit The View.*

Meanwhile, Soros plant in NY AG office is consuming comfort food as his illegal prosecution of Daniel Penny has backfired and may cost him his job. Daniel Penny was Acquitted of Criminally Negligent Homicide in the Death of Jordan Neely who was threatening passengers.

Penny placed Neely in a chokehold, a technique he had learned during his military service. Bragg claimed Penny killed him but Neely was still breathing after police showed up.

All the news I see fit to print.

Freedom of the press belongs to those who own one.

Biden administration set a new federal record for the most Federal Register pages filled in a single year – 96,088. The number puts the administration on pace to fill more than 100,000 pages by the end of its term. The record was previously held by Obama, who, in the final year of his second term, filled 95,894 pages. The Federal Register, which is published by the National Archives and Records Administration and overseen by the Office of the Federal Register, is a daily publication of new and amended federal regulations.

Shortly after entering the Oval Office in 2017, Trump issued Executive Order 13771, which initiated a new federal rulemaking process requiring that for every single regulation added by the Trump administration, two must be taken away. The result of this was net cost savings throughout Trump's first term. Of course, that EO was cancelled by Biden.

Elon and Vivek can't get started soon enough. Bureaucratic regulations have even metastasized into local government.

I'm attaching (PDF) my recent bout with city regulations based on state regulations which are based on federal regulations. The multi-level bureaucrats get paid big bucks for this!

I never heard of **Royce White** and look what he did running against Amy:

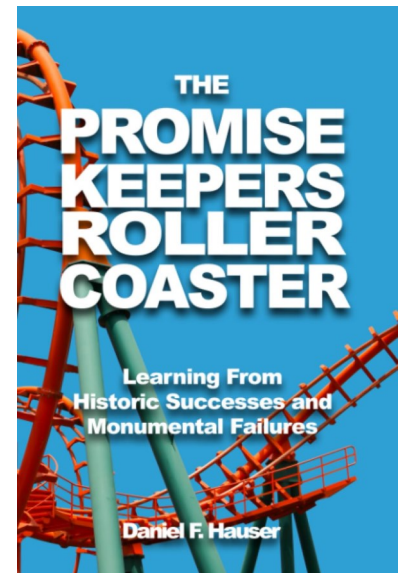

Amy Klobuchar 1,792,441 56.3%

Royce White 1,291,712 40.5%

Amy is one of the Dem's "safe" senators. Royce is going to take another shot against Tina Smith...she's not as safe.

Royce is all over the internet due to his sports background. Take the time to search his name and just hope that Bitch (sic) McConnell loosens the senate campaign funds and backs him. Royce has already begun fund raising. He also has very credible endorsements from the MAGA gang. Maybe if he says a vote for Tina instead of him means you're racist? Works for Dems.

Book Review

The phenomenon in the 1990's was stadiums filled with men joining together to praise the Lord. It culminated in a 1997 1.4 million gathering of men in Washington D.C. What happened then? The author spent eight years in the Promise Keepers organization and attended 40 of the huge stadium conferences. He has the inside story of what happened and where it went off the rails. This is Dan's second book following **Revolution and Renaissance**, also available at Amazon. I highly recommend both. *Disclosure: Dan is a subscriber which I take as a compliment as he tolerates my rants and raves.*

Revolution and Renaissance is a fast look at the chaos that confronted our country during the late '60's and early '70's. Amazon, for some reason, hides this book in their offerings but it's worth the search. Here's the link: https://www.amazon.com/Revolution-Renaissance-Daniel-Forbes-Hauser/dp/1951008022/ref=sr_1_1?s=books&sr=1-1

I'll trust a billionaire who becomes a politician more than a politician who becomes a billionaire.

Santa says Hunter Biden still on naughty list in spite of pardon.

Does that T on a Tesla stand for Trump?

Scary thought: your high school class is running the country.

If I'm here to help others, what the hell are the others here for?

Life lesson: it takes a lot of energy to appear normal.

Your name on a building? You're rich.

Your name on your shirt? You're poor.

If you accomplish the impossible, it will be added to your job description.

History lesson: a queen without her king is a hell of a lot more powerful.

My kids have figured out that I'm faking adulthood.

Just because you raise your voice doesn't mean you're right.

When science finally locates the center of the universe, some people will be surprised to learn they're not it.

There's no secret about success. Did you ever know a successful man who didn't tell you about it?"

1986 NATIONAL CHILDHOOD VACCINE INJURY ACT

THE CHILDHOOD VACCINE INJURY ACT WAS SIGNED INTO LAW, CREATING A COMPENSATION PROGRAM FUNDED BY TAXPAYERS AND RELIEVING PHARMACEUTICAL COMPANIES FROM LIABILITY.

“ CHOICE IS SIMPLY THE ABILITY TO PERSONALIZE THIS SCHEDULE BY ANY ONE OR MORE DOSES. ”

Congress critter D/CA Henry Waxman, authored the 1986 National Childhood Vaccine Injury Act, which gives vaccine makers full liability protection. CDC is escalating its childhood vaccination agenda and now says children should be exposed to 36 doses by age two and 70 by age 18. *That picture is not doctored. Hank was as weird as he looked.*

How in hell he ever got this passed is a mystery when you figure out exactly what it does. The Pharma vaccine kills you and they just say “Oooops, my bad.” Even Bill Gates saw the loophole and potential cash cow when in 2007, his healthcare charity Program for Appropriate Technology in Health (PATH), provided vaccines to around 24,000 tribal girls in Andhra Pradesh and Gujarat after receiving approval from the Indian Council of Medical Research (ICMR). The vaccines were part of ‘clinical trials’ to develop a cure for cervical cancer. However, it resulted in adverse health conditions for the girls and deaths in some of the cases. Gates said *India is a ‘kind of laboratory to try things’.*

Bill is also Fauci's best buddy sharing some of the wealth from the COVID fiasco.

Tidbits

(a small and particularly interesting item of gossip or information)

Biden announced \$1 billion gift to Africa (*Nigeran Prince?*) to help the homeless displaced by climate change. *Then he fell asleep?* This is simply a grift for NGOs. And the Helene victims are still homeless in North Carolina.

Cuba fooled Biden admin to get millions of dollars for its armed forces. Orbit S.A. was created from Miami by the Havana government after the Trump administration imposed sanctions.

Twenty-one prosecutors backed by George Soros because of their support for radical “criminal justice reform” have been ousted in favor of “tough-on-crime” prosecutors.

A man, who is actually a woman, is representing the ACLU in its efforts to fight for child castration at the Supreme Court; to fully medically transition a two-year-old.

Minnesota projects a \$5 billion budget deficit in FY 2028-29. The state had a \$17.5 billion surplus in February 2023. *Thanks Dems!*

Biden regime has quietly revoked the veterans hiring preference for civil service jobs and promotions, which since the 1944 Veterans Act gave eligible veterans preference for appointments in federal civil service selection.

Until next week...
