Quick Chicken Pot Pie

Chop up chicken from last week's whole chicken in a crock pot. Mix with can of cream of mushroom soup and a cup of the broth. Add package of frozen vegetables. Mix well and place in oven safe baking dish. Then mix one egg, half cup of milk and half cup of Bisquick. Pour over the chicken/vegs. Pre heat oven to 400 degrees. Bake about 25 minutes or until top is browned. First batch turned out great so I prepared four individual servings and placed in freezer. This should work well with beef but brown the beef into cubes so it's cooked like the chicken. Add some sweet onion and peppers.

Hoping Grandson Hunter brings some of these back...this is what between classes looks like at Bemidji State University. Has to since he works weekends.

THE FRANK REPORT

12.15.2018

*All the news I see fit to print.
Freedom of the press belongs to those who own one.*

Live long enough and life's mysteries will be revealed:
They Do!!!

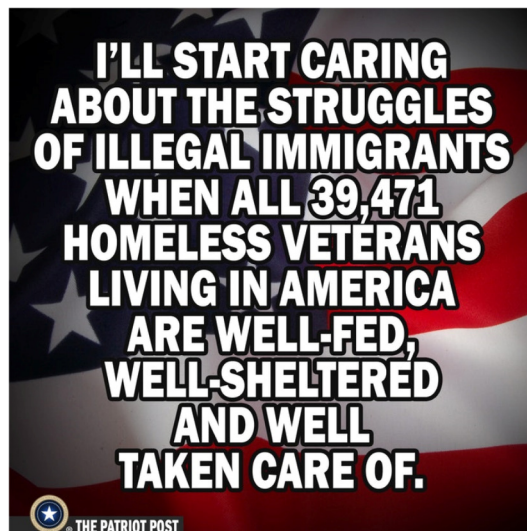

This is the house in Omaha I used to live in. Knocked on the door and asked if I could look around. Slammed the door in my face. Did not know my mother could be so rude.

Roselee and I were married for over 54 years and we moved around to 14 states. Didn't work. Kids always found us.

I followed some of the "reporting" on Bush funeral. Evidently, the only good Republican is a dead one?

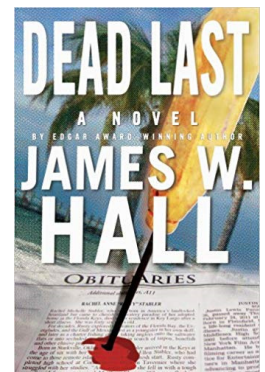

Bon Mots

The fact that I'm considered to be an adult is both terrifying and hilarious.

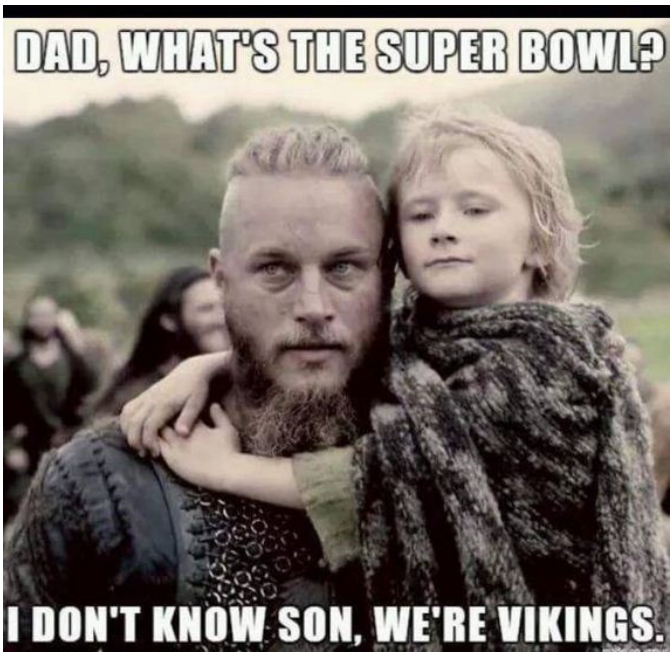

Book Report

Latest *Jack Reacher* novel well worth waiting for. Trip into his family history with a weird cousin forty times removed...by Reacher.

Thorn again...Hall is amazing with character development. Wonder why Hollyweird has ignored him these many years. Too busy ruining *Star Wars*? Anybody seen *Solo* movie? Worth the price? *Equalizer 2* out on dvd this week...my next purchase.

Son William lives in the heart of Packer land but is a die hard Vikings fan. I sent this to him but didn't get a reply. Was that child abuse?

Democrats on their way to DC?

Politicians, athletes and media idiots say outrageous things because someone told them it would get them "exposure". Fine. The portrait of George Washington on the dollar bill has "exposure"...who painted it? Speaking of "exposure"...do a search on Amy Schumer, Senator Chuck Schumer's niece. This is a family newsletter so I won't repeat her "exposure". Scott Benson's favorite quote: "Just because people ignore you doesn't make you an artist."

People complaining about the cost of Christmas trees...mine was only 79 cents at Walmart and included about an hour of hilarious people watching.

This kid's going to be a great entrepreneur...even if he can't spell it right now. Probably smarter than...

...four seniors taking the same class and all of them had an 'A' so far. They were so confident the weekend before finals, they decided to visit friends for a big party. They had a great time but, after all the hearty partying, they slept all day Sunday and didn't make it back for class until early Monday morning. They decided they would explain to their professor they missed the final exam because they had a flat tire. The professor agreed they could make up the final the next day. The guys were excited and relieved.

The next day the professor placed them in separate rooms and gave them a test booklet. They quickly answered the first problem worth 5 points. Cool, they thought!

Each one, in a separate room, thought this was going to be easy ... then they turned the page. On the second page was written...For 95 points: Which Tire? _____
