

Old Flag:

New Flag:

Minnesota decides old state flag was offensive to indigenous people because it showed an Indian riding around while a white man was working on a farm. The Indian fished, hunted and rode that horse while their women did all the farm work. Wonder who was offended?

Puntland State of Somalia

It looks a lot like this flag. Minnesota has the largest population of Somalians in the fifth congressional district. They elected Ilhan Omar as their representative. She is from Puntland.

Coincidence?

Yes...Ilhan was the one who married her brother.

All the news I see fit to print.

Freedom of the press belongs to those who own one.

Cocaine in the White House. Gay sex in the Senate. Trans dancers for Christmas. Open borders with 10 improvised explosive devices (IED's) on one day along with 12,600 border crashers. Millions of military age men with no families across borders.

We having fun yet?

Democrat Senator Tim Kaine's son was part of an ANTIFA riot that threw smoke bombs and fireworks inside the Minnesota State Capital building.

Minnesota Governor Tim Walz's daughter tweeted intel about where the National guard would be and where they wouldn't be to violent rioters and looters.

Minnesota Attorney General Keith Ellison's son tweeted his support for ANTIFA. Ellison's son is a Minneapolis City Councilman.

New York City Mayor Bill DeBlasio's daughter was arrested for unlawful assembly/blocking traffic and refusing to move during a protest.

Leftist idiots trying to ban fossil fuels...really just trying to keep the coal away from Santa. Closing the borders may help but I'm suggesting that we reopen all those insane asylums.

Common sense may give you a clue when all of this idiocy started. Instead of laughing at the "experts" like Fauci, the Lame Stream Media got behind it and spread the mantle of "normalcy" over the edicts from the idiots like Fauci. The "science" was settled and sold to the highest bidder. Government bureaucrats from the agencies that should have prevented the perversion of the "science" selected the revolving doors with big salaries and grants from Big Pharma. Sadly, it was all there in plain sight as the internet is now bypassing the Lame Stream Media and shining a bright light on the idiocy...sadly years after it happened. Believe it or not, there are still people out there wearing masks...besides the felons let loose by the Soros attorneys general.

The election fraud has also shown how they intend to keep getting away with this idiocy. It's no longer a conspiracy theory as patriots like Mike Lindell are winning in courts for forensic audits of the stolen elections.

The answer will be situational awareness they teach the military. Don't ignore the opportunity to blow a whistle.

Let's applaud the legacy ole J. Edgar left...

The FBI doctored FISA warrants to start the Russian collusion hoax, altered an email to justify wiretapping a Trump associate, spread the Steele Dossier that they knew was bogus, attempted to stage a kidnaping of the Governor of Michigan to blame on Republicans, crucified J6 rioters while ignoring BLM and Antifa doing 2 billion in damages, gave Hillary Clinton a pass for her secret server even after admitting it broke the law, let Clinton crony Sandy Berger off with a slap on the wrist after getting caught stuffing classified material in his pants to remove it from the National Archives, looked the other way while Jeffrey Epstein flew former Presidents and billionaires to his private island to sexually assault young girls, and had Hunter Biden's laptop in their possession since 2019 but allowed the American public to be misled into thinking it was Russian disinformation, yet I'm supposed to trust that they wouldn't use a raid on Trump's home to plant evidence?

...and then there's Brennan and Clapper at the CIA...see the problem? Department of Energy and highest gas prices. Department of Education and dumber kids. It seems the more government we get the worse off we are. It's time to start pointing fingers and laughing at them....until they self-destruct! Stay focused on your community. Don't let them invade your neighborhood. It's We The People vs them the idiots. We'll win!

Tidbits

(a small and particularly interesting item of gossip or information)

Leaked video footage shows a congressional staffer having anal sex with an unknown man on a table in the Senate hearing room, where senators often sit to ask questions during hearings.

The Senator whose staffer was caught filming a gay sex tape in the Senate Hearing room is Democrat Senator Ben Cardin of Maryland.

In Fairfax County, Virginia, during the swearing-in ceremony, school board president Karl Frisch opted for a stack of kiddie porn books with explicit content and immoral behavior instead of a Bible.

FLOTUS Jill Biden gave us trans dancers for a holiday presentation in the White House.

Iowa State Capital has a satanic statue as part of their holidays.

Did the CIA murder JFK?

Warren Commission absolves the CIA...Nixon says CIA murdered JFK. 4 of the 5 Watergate burglars work for the CIA...The CIA frames Nixon for Watergate...Ford is chosen as Nixon's replacement...Ford was on the Warren Commission.

Until next week...
