### Fun Facts For The Season...

According to the Alaska Department of Fish and Game, while both male and female reindeer grow antlers in the summer each year, male reindeer drop their antlers at the beginning of winter, usually late November to mid-December.

Female reindeer retain their antlers till after they give birth in the spring. Therefore, according to every historical rendition depicting Santa's reindeer, every one of them, from Rudolph to Blitzen, had to be a girl.

We should've known.

Only women would be able to drag a fat-ass man in a red velvet suit all around the world in one night...

...and not get lost.

Reminder...if you don't believe in Santa, you're gonna get underwear. **Here's more...**

Do you know what would have happened  
If it had been Three Wise Women  
Instead of Three Wise Men?

They would have asked directions,  
Arrived on time,  
Helped deliver the baby,  
Cleaned the stable,  
Made a casserole,  
Brought practical gifts and  
There would be Peace On Earth.
