Mediterranean Fish Soup

I had some trepidation about this one but also an excess of shrimp and some fillets from my grandson's ice fishing.

Really like the result!

Ingredients

- 1 onion, chopped
- ½ sweet pepper, chopped
- 2 cloves garlic, minced
- 1 can diced tomatoes
- 2 cups chicken broth
- 1 (8 ounce) can tomato sauce
- 1 can mushrooms
- ½ cup orange juice
- ½ cup dry white wine
- 2 bay leaves
- 1 teaspoon dried basil
- ⅛ teaspoon black pepper
- 1 pound medium shrimp
- 1 pound fish fillets

Directions

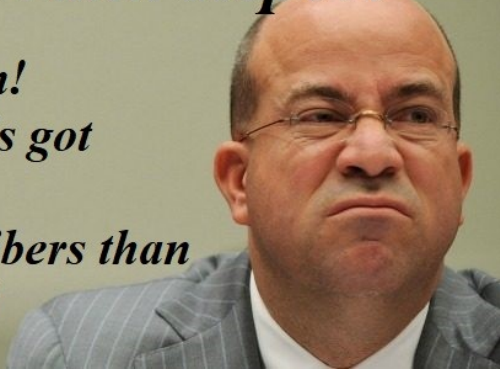

Place onion, pepper, garlic, tomatoes, chicken broth, tomato sauce, mushrooms, orange juice, wine, bay leaves, dried basil and pepper into a slow cooker. Cover and cook on low 4 to 4 1/2 hours. Stir in shrimp and fish. Cook 15 to 30 minutes. Remove bay leaves. And, of course, a Riesling.

Just remember, the people who told you we don't need guns and walls have surrounded themselves with guns and walls

All the news I see fit to print. Freedom of the press belongs to those who own one.

Nigerian economist and former trade minister Ngozi Okonjo-Iweala (right) is now the leader of the WTO. At the same time, Biden selects commissioner of the state agency that lost a massive amount of money to unemployment fraud that was the largest known theft of public money in the state's history.

Suzi LeVine headed the Employment Security Department (ESD) in the state of Washington that was scammed for \$600 million owing to its alleged failure to fix software vulnerability.

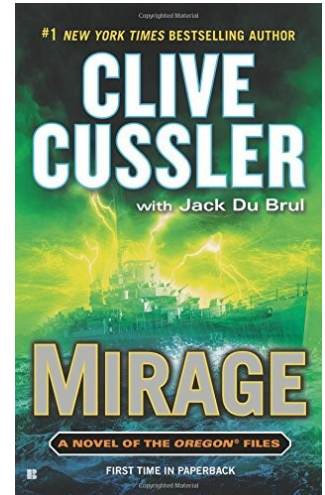

Nigerian prince of internet fame (left) was one of the beneficiaries of that software vulnerability. Ms LeVine is now our assistant secretary of the Employment and Training Administration, a subagency and has a budget of around \$9 billion. The LeVines gave more than \$400,000 to the Biden campaign and other Democratic causes in 2019 and 2020 according to Federal campaign records.

States across the country have paid as much as \$36 billion in improper benefits, with a significant portion obtained through fraud. Now, unemployment agencies could face another onslaught — this time from people requesting corrected tax forms. California officials mailed close to 8 million tax forms last month — more than five times the number they send in a normal year. The state Employment Development Department said it has updated its website and hired another 300 agents for its call center, training them on how to handle questions about the 1099-G forms...a backlog of more than 77,000 such reports of fraud.

Now...about those vaccines these political critters are rolling out...hmmmm.

Don't ask God for something. God doesn't work that way. Steal it and ask for forgiveness.

Book Report

Fascinated with Nikola Tesla? You'll love this one. Cussler again and more international intrigue.

Fascinating details about Tibet and Dali Lama but wishful thinking plot of freeing Tibet from China. This is the debut novel of the Oregon series. Gets even better with subsequent novels.

If you've ever wondered about the mentality of the Hollyweird bunch, like meathead, this X RAY may help clarify the situation.

MINNEAPOLIS, Minn. – Republican Party of Minnesota Chairwoman Jennifer Carnahan released the following statement:

“Last week the Republican Party of Minnesota and Republican National Committee condemned the terrible actions that took place at the United States Capitol. “Today we reinforce that position and call for peace across Minnesota and across our country. We do not and will not ever condone the violent actions we saw last week, and hope to never see them happen again. “As Minnesotans, I know we have love in our hearts. We should always remember to exude that love through grace, patience, right thought and peaceful actions. “As we transition to a new administration it’s time for our country to move forward and work together as Americans to keep the American Dream strong for generations to come.”

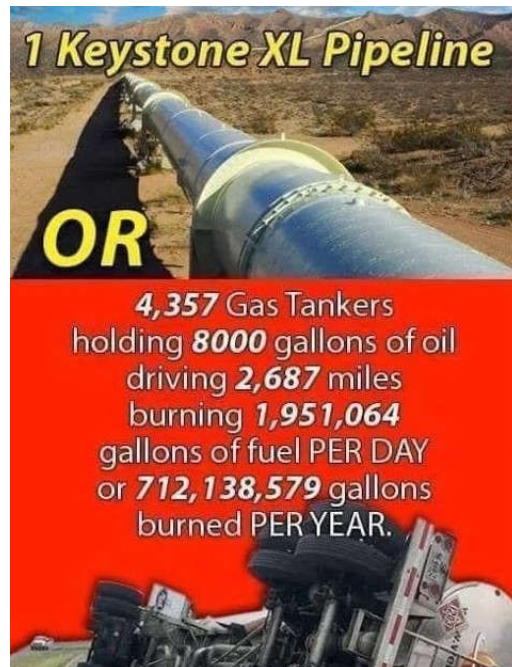

So I asked several members of the MN GOP:

November 7, 1983 the May19th Communist Organization detonated a bomb in the US Senate in an attempt to kill Republicans. Susan Rosenberg was arrested for this. She was pardoned by Clinton. She is currently an administrator for BLM including fundraising for them.

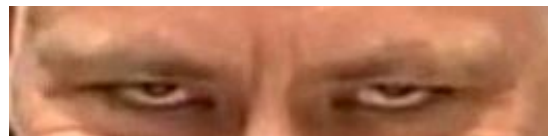

Try this: MN GOP calls for Biden to pardon all those who took part in the Capitol protest...in the same show of forgiveness exhibited by Clinton for Susan Rosenberg. How's that for that show of love? **(Cue Jiminy!!!)**

I mentioned last week about Obama/Biden buddy Warren Buffet's monopoly on the rail-road tankers that would lose \$2 Billion/yr if the Keystone pipeline was built. I forgot to mention that the huge tankers you see on the road would also be eliminated.

Some of you may recognize this guy. He was at the center of the fraud and takeover of the country. We're now at the point of not trusting politicians, the election process nor any of the alphabet agencies that supposedly protect us. New political party and the 400 million guns out there may be our only recourse?
