Walmart steaks**

Bidenflation has arrived at Walmart where they are now “protecting” \$20 ribeye steaks with wire mesh on the packaging. Harder to hide in your yoga pants?

Eye bleach is in aisle 15.

New York Times reports eating bugs will solve climate change problem. Soooo...use distilled water and place bug in each. That will ensure crystal clear ice cubes for your liberal friends who bring up the subject of climate change. Offer them a drink with the “bug cubes” along with a subscription to NYT. Betcha they ask for wine instead. Be careful pouring as you are laughing hysterically.

**The “quality” of Biden appointees may explain the following from the CDC:**

**“Some people have side effects from the vaccine, which are normal signs that their body is building protection. These side effects\* may affect their ability to do daily activities, but they should go away in a few days.”**

**My level of sarcasm has gotten to a point where I don't even know if I am kidding anymore.**

**Book Report**

The **Joe Pickett** series started in 2001 with this debut by C.J. Box. Joe is the antithesis of **Jack Reacher**; defeating the bad guys with his brain and not brawn. With 21 now published and #22 due next month, this series just keeps getting better.

Box has also created five novels for hero **Cassie Dewell** while killing a good guy in the first of this series in a gruesome way that still mystifies me. This is one author who will keep you entertained with nary a woke comment, even from the bad guys. I may have mentioned that I collect hardcover copies of favorite authors and am delighted to find three of the **Joe Pickett** books that I don't have in my collection and haven't read. **Life is good (and I'm building more bookcases).**

**Just a few facts the Lame Stream Media has ignored the past week:**

**Election fraud updates from current audits:**

**Pennsylvania (20 electoral votes)**

Sent out 1,823,148 mail-in ballots.  
They got back 2,589,242.

**Wisconsin (10 electoral votes)**

625,000 dead people on voter roles.  
1,500,00 illegal voter registrations.  
Over 50,000 proven illegally cast ballots.  
Madison apartment complex with 700 residents has 1,631 "voters".  
One address has 113 ballots cast.  
One voter has 28 voter ID numbers.  
Vacant lot has 359 voters registered.  
Over 23,000 Votes with Same Phone Number  
Over 8,000 Registered in 1918 just in Racine County

**Arizona (11 electoral votes)**

673,000 voter ID's had no match found with Social Security records.  
There were 34,448 duplicate ballots counted.  
300 dead people voted.  
There were 1,551 more votes cast than voters in just one county.

**Georgia (16 electoral votes)**

95,801 ballots were Biden only while 818 were Trump only.  
*BTW: Georgia Election Official Who Scoffed at Election Fraud Evidence Finds an Out-of-State Woman Used His Address to Vote in Georgia*

Several state legislatures are gearing up to decertify the 2020 election. Trump has been hinting at a PLAN that will make most of us very happy. The election fraud, of course, is the primary fact the LSM is ignoring while hollering "squirrel" to change the focus to "imminent war" with Russia over the Ukraine...while the Ukraine minister has invited Biden to visit because it is peaceful there. Putin is also laughing during his news conferences about the Biden hysteria. You'll find this on the internet but certainly not on CNN. Biden is wagging the dog...and even claims he put a dead one on some lady's porch...i am not making that up! His brain heard something about wagging that dog and blurted that out during a "news" conference?

Of course, the Durham **indictments** (not allegations), are getting closer to putting people in jail for spying on the Trump administration before and during Trump's presidency. This one is so serious that the Lame Stream Media is completely ignoring it. During her interview with him, 60 Minutes Leslie Stahl called Trump a liar for even suggesting it.

**If you don't like me,  
you should get tested.  
One of the symptom of  
Covid is no taste.**

**You're Welcome**

**Red Star (Star Tribune) report:**  
"More than half of the Minnesotans who tested positive for COVID-19 in December were vaccinated, the latest evidence that waning vaccine protection and the highly-contagious omicron variant have altered the fight against the pandemic. Roughly a third of those who were hospitalized for COVID-19 or died during that month also were vaccinated.

**What they didn't report:**

649 Athlete Cardiac Arrests,  
404 Dead, After COVID Shot

**And:**

Durham report? What? Oh, the one that PROVES Hillary tried to get a sitting president ousted with spying, lies and collusion with FBI, CIA, DOJ and denizens of the Deep State?  
**Still never reported it!**

Laughter and sarcasm are very potent weapons against the idiots that infest our government. Join in!
