

Election Notes

The DNC currently has \$14 million on hand but is carrying \$17.5 million in debt, leaving the party roughly \$3.5 million in the red since they were required to pay nearly \$16 million in debt from the 2024 presidential campaign of Kamala Harris.

By contrast, the RNC is sitting on a \$95.1 million war chest and no debt.

BUT...Democrats don't need money to win elections...

During the 2020 election, Wisconsin had 7.1 MILLION registered voters, but only 4 million adults live there.

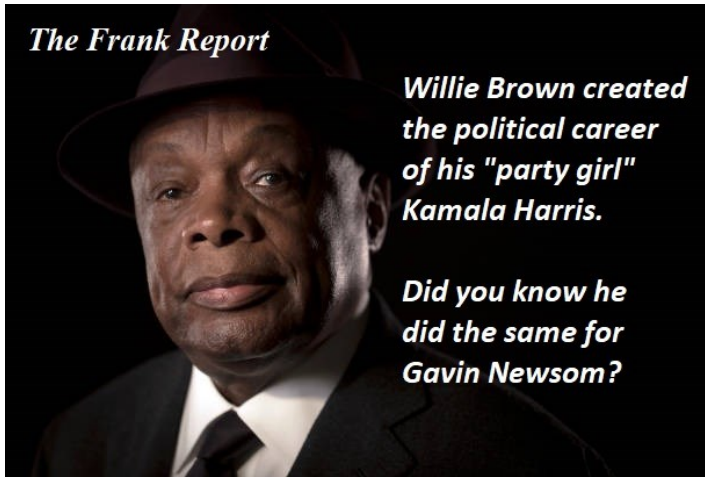

Fulton County Georgia admitted to violating election rules by certifying approximately 315,000 early ballots without required poll worker signatures on tabulation tapes.

Detroit's 2020 election revealed over 10,000 "ghost vote" ballots where voters filled in ovals for write-in candidates but left the name fields blank, rendering the votes invalid.

Also in Fulton County, more than 148,000 absentee ballots were accepted without mandatory signature verification, and tens of thousands arrived after Election Day in unsecured mail carts, breaking chain-of-custody protocols. Additionally, auditors found that ballots were counted multiple times, and machine counts disagreed with manual tallies.

The SAVE Act is crucial. Mitch McConnell voted against it. RINO's are the roadblock to preventing election fraud.

The Frank Report

Willie Brown created the political career of his "party girl" Kamala Harris.

Did you know he did the same for Gavin Newsom?

2.21.2026 #528

All the news I see fit to print.

Freedom of the press belongs to those who own one.

In the 1990's Willie was the Democratic Party boss as speaker of the California Assembly, a post he held for 15 years. He later became mayor of San Francisco and held that post for eight years. Brown appointed Harris to the California Unemployment Insurance Appeals Board (*a job paying \$97,088 a year*) AND the Medical Assistance Commission (*a job paying \$72,000 a year*). Harris became the district attorney of California in 2003 with the support of Mayor Brown. When Harris announced her presidential campaign, Brown wrote an op-ed titled: "Sure I dated Kamala Harris. So what?" Willie was married at the time and at age 60 was twice Kamala's age...that's what.

While Willie was "nurturing" Kamala, he met a volunteer in his Mayoral race by the name of Gavin Newsom. Gavin's reward was to be appointed to the San Francisco Parking and Traffic Commission in 1996, and then onto the Board of Supervisors in 1997. Then onto Mayor of San Francisco gaining national attention by authorizing same-sex marriages at City Hall.

Over 4,000 couples were married before the California Supreme Court voided the licenses.

Gavin apparently learned some non-political things from Willie as Gavin's campaign manager and friend, Alex Tourk, found out Gavin was sleeping with his wife, Ruby, who was working for Mayor Newsom. It also led to the end of his marriage to Kimberly Guilfoyle (*currently US Ambassador to Greece*), while casting a spotlight on his lack of character and judgement. Adding some doubt about election integrity, Gavin was elected Governor and promptly ran the state of Californian into an abyss. Next page is a partial rundown of that he has done...or not done....including 33,179 illegals in Newsom's jails and prisons with active detainees from ICE but Newsom and his pals pushing to release them, like the 4,561 he already freed.

Gavin is so proud of his record that he thinks he can take on the 2028 Presidential election by bad mouthing Trump.

Willie Brown is 92 years old this month and is probably smiling (giggling?) about what he has foisted onto America's political landscape. Now you know where the Democrats find all these weird people to run for office.

Willie's wife Blanche finally divorced him and, in spite of a pre-nup, walked away with \$3M and raised their three children while going on to a very distinguished life of her own. Unlike Willie, Blanche lives a relatively private life, with little presence on social media, and is recognized for her contributions to dance, education, and cultural preservation rather than celebrity. Her legacy reflects a life of purpose, resilience, and quiet influence.

Thanks to Willie, we have these two jockeying for position for the 2028 election. They've already started to snipe at each other.

It could get worse...

Just a few of the highlights Gavin Newsom has managed for the people of California. He makes Willie Brown look like a Boy Scout.

My favorite Newscum story: Newsom got elected Governor and said, "The idea that it's 2019, and we are using analog systems for our 911 system designed decades ago is astounding, and we need to make investments to make sure the technology aligns with the devices people are using in their daily lives." Since then, Newsom spent \$450 million to build a new 911 system, but when it came time to turn it on, it did not work. California still relies on analog systems. Anybody wonder where that \$450 million went?

**Gavin Newsom
and his foot**

Gavin Newsom has been ignoring California while gallivanting around Europe bad mouthing Trump in order to build up his international credibility prior to running for President in 2028. Being a typical clueless Dumbocrat...he went to Germany and compared American law enforcement to Nazi stormtroopers. He said that in GERMANY!

we should quit picking on him.**
