

Recipe Corner

This interesting recipe was found on the Senate floor at the conclusion of the hearings. According to anonymous sources within the Adam Schiff secret basement headquarters, the chart was to be used to distract Jerry Nadler and allow Schiff to beat him to the podium for closing comments. The 3 x 5 foot chart had slippery slime on edges that may account for the fumble. Fast food industry anonymous sources are reported to be bidding on the chart. **PETA** declined to participate.

Last year 449,000 Californians received a jury summons to which they replied..
 ."I am not a citizen, therefore I cannot sit on a jury."
 The number one source for jury summons candidates is the VOTER REGISTRATION list.
 Think about that for a minute.

May explain how Schiff for brains got elected...and why voting rights are being pushed by Democrats for illegals? Also wonder if Epstein will be voting for Jerry Nadler?

THE FRANK REPORT

2.8.2020 #212

All the news I see fit to print.
 Freedom of the press belongs to those who own one.

Stock Tip:

Anonymous source says the **New York Times** and **Washington Post** in negotiations with PaperMate™ for bulk orders of the company's correction pen. Apparently, all corrected copy will be moved from page one to the classified ad section.

In other news, NBC plans to eliminate all production costs for the program **Saturday Night Live**. Industry sources who remain anonymous, claim NBC will simply repeat CNN "reporting". CNN anonymous sources say negotiations for the broadcast segments are in a heavy competitive bidding process with **The Babylon Bee**. Meanwhile, **Mad Magazine** issued a restraining order on the top CNN editors for plagiarism.

Sarcasm is the ability to insult stupid people without them realizing it. It's the body's natural defense against stupid. If you get really good at it, it will sound surprisingly like sincerity. I'm working hard at it. I figure being able to respond with sarcasm within seconds of a stupid question is a sign of a healthy brain. My obvious predilection for sarcasm is best explained by the 99:1 Rule of Life on my website:

John D. MacDonald* explains it better:

"There are people – young and old -- that I like, and people that I do not like. The former are always in short supply. I am turned off by humorless fanaticism, whether it's revolutionary mumbo-jumbo by a young one, or loud lessons from the scripture by an old one. We are all comical, touching, slapstick animals, walking on our hind legs, trying to make a noble journey from womb to tomb, and the people who cannot see it all that way bore the hell out of me".

Book Report

Now have the complete series of 21 J.D. MacDonald **Travis McGee** novels. Over 50 others are still out there including **Cape Fear**. It was a movie in 1962 with a remake in 1991 "starring" Robert DeNiro who didn't even come close to Robert Mitchum's portrayal of the villain. Who would be afraid of Robert DeNiro?

Michelle Obama's college room mate got \$500 Million for an Obamacare website that *crashed on arrival*.

She was paid another \$500 Million to get it right.

Robby Mook, Hillary's 2016 campaign manager, was in charge of testing the app to report Iowa caucus results. The app was developed by *a company Hillary controls*.

Pete Buttigieg paid Shadow Inc, the Iowa caucus app company, tens of thousands of dollars.

Anybody see a pattern here?

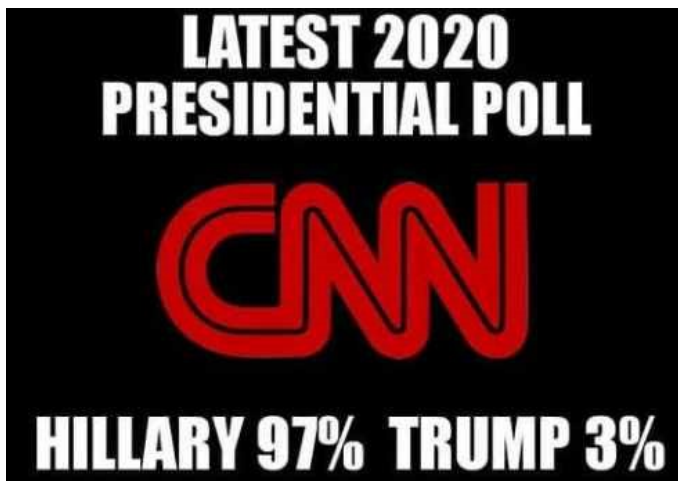

Betcha it's gonna be a Bloomberg/Hillary ticket. Mini-Mike will hire the entire US Marine "Corpse" as bodyguard... protection from Hillary.

BTW: One of the D candidates blamed Trump for the Iowa caucus fiasco.

Democrats went nuts as Rush Limbaugh received the Presidential Medal of Freedom. Sorry folks, it's the president's choice...not yours. Below is a reminder that we never objected to dubious choices by Obama:

Oh Oh!!! 18 US code 2071 states:
"Whoever, having the custody of an official government document, destroys the same, shall be fined...
...shall forfeit office and be disqualified from holding any office under the United States".
