

Recipe Corner

Pulled Pork Loin Chili

I use a pork tenderloin (minimum foot long) cut in three pieces.

Remove fat and sinew.

Ingredients:

Sweet onion chopped.

Two cups salsa

Two cups chopped sweet peppers

1/3 cup bar b q sauce

2 to 4 Tbs garlic bits

can mushroom pieces

Directions:

Chopped onion to bottom of crock pot. Pork next; sprinkle salt then the garlic bits. Next the Bar B Q sauce and turn to high. Once liquid has formed (about an hour), turn the pork to ensure coverage. Next add the salsa. Cook on high until you can start pulling the pork apart into bite sized pieces. Add the peppers and mushrooms and stir. Turn the crock pot to low until pork is easily pulled apart and cooked.

I serve rice topped with this chili. Two cups chicken broth/one cup rice. Also pinto beans with rice. Freezes well but very little leftover.

Told my kids we don't pray before meals because I know how to cook.

All the news I see fit to print.

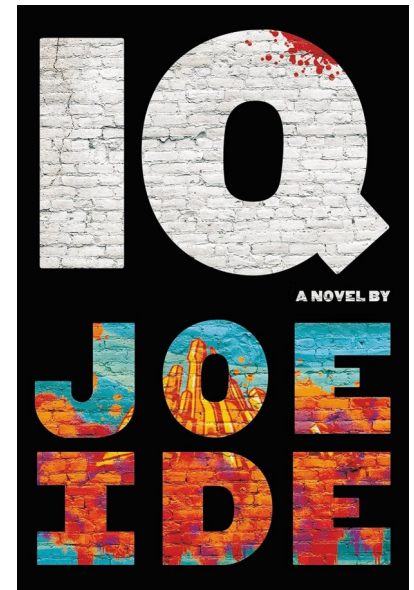

Freedom of the press belongs to those who own one.

Biden and the Democrats concept of one trillion dollars is so far from reality, it's almost bankrupt our country. To them, it's just a number. If it was just paper, there wouldn't be a tree left on the planet to print them.

This is what just one trillion dollars actually looks like:

those are three foot high pallets stacked with \$100 bills. in the span of two weeks Elon Musk and DOGE confirmed to the American public how incredibly corrupt and wasteful our government has been. Likely that more than 50% of our tax dollars are been flushed down the toilet FOR DECADES. Treasury Dept Has Been Auto-Paying Everyone, 'Even Known Terrorist Groups'. The payment system in question is run by a handful of career officials within the Bureau of the Fiscal Service – which controls the flow of more than \$6 trillion **annually** to households, businesses, and other entities nationwide – and includes Social Security, Medicare, federal salaries, payments to government contractors, tax refunds, grant recipients, and more. They have NEVER refused or questioned payment of any kind! Trump and DOGE Will Cut one trillion dollars from the US Deficit THIS YEAR – And It's Only Week two of Trump's Second Term! Our current debt is over **\$36 TRILLION** which is **more than our gross domestic product**. Gross Domestic Product is a monetary measure of the market value of all final goods and services produced and rendered in a specific time period by a country.

Book Report

This debut novel blows up the typical detective/PI genre. Spent the first two chapters trying to figure out where he was going with the plot and then it started to come together and got me thoroughly hooked to the point I ordered four more...he is that good. **Isaiah Quintabe** is a character you will never forget. The supporting cast are hilarious bookends to the plot and dialogue. This has GOT to become a TV series...think Perry Mason's brain in Barney Fife's head then throw in a bit of the Three Stooges. Hilarious!

BTW: If you've never read Ayn Rand, here's a quote that might get you interested:

"The uncontested absurdities of today are the accepted slogans of tomorrow. They come to be accepted by degrees, by precedent, by implication, by erosion, by default, by dint of constant pressure on one side and constant retreat on the other - until the day when they are suddenly declared to be the country's official ideology. ~ Ayn Rand
