

Recipe Corner
How To Stuff a Turkey

My kids don't think I'm funny. So this recipe is for my grandkids:

Pop Corn Dressing
Ingredients

- Two cups bread crumbs
- 1/2 cup butter
- 1/2 tsp pepper
- One TBS salt
- Two cups chopped celery
- Two cups raw popcorn
- Two chopped onions

Directions

Combine, place inside turkey and roast five hours (depending upon size of turkey) When the corn begins to pop, it will blow the ass off the turkey and it is done.
Gotcha!

About Super Tuesday

Primary rules are not consistent state to state while federal election rules are because political parties rule the primaries and federal laws rule the election. That's how you get bad candidates. That CA "top-two" primary rule is an example of what's wrong with it

All the news I see fit to print.
Freedom of the press belongs to those who own one.

MN Governor Walz must be drinking a lot as the Democrat controlled MN legislature cranks out their new bills. After blowing Minnesota's \$18 billion surplus and raising taxes by over \$9 billion, the state's budget is flashing red. Lawmakers have proposed spending \$1 million on non-profits that would support LGBTQ people moving to Minnesota. The bills for this proposal are HF 3361 and SF 3502. Under HF 3361, lawmakers would allocate \$400,000 to "Before Racism," an organization that "combats" racial bias in children aged one to five.

Explore Minnesota gets \$100,000 under HF 3767 for the Northern Lights Music Festival...whatever that is.

HF 3687 spends \$10 million for an entrepreneur innovation center but only in Minneapolis.

After banning American Indian Mascots last session, SF 3741 provides funding to help public schools make changes to their mascots.

Officials in Walz administration received massive salary increases with some salaries increasing to over \$187,000, several unelected bureaucrats have enjoyed 20% salary increases in just one year.

Meanwhile, 'Prominent' Muslims in Minnesota Arrested in Biggest U.S. Pandemic-Era Fraud. That headline is hidden in the internet and nowhere to be found in MN Lame Stream Media. \$500 million of taxpayer money lost, more than 250 suspects, 70 individuals indicted to date...even those caught trying to flee the country. Six of the men indicted made large donations to the reelection campaign of Minneapolis Mayor Jacob Frey—including Abdikadir Mohamud, whom the mayor appointed to a committee for public safety.

MN Republicans...the missing elephant in the room. That room must be somewhere up near border because they are certainly missing anywhere around the Twin Cities. These are all new taxes called "bills".

It might be time to replace the Republican party with a MAGA party and use a new mascot.

Book Report

Just read this one and note that the author spent two years documenting the contents with all full attribution by name. The first WTF that jumped out is the control that China has over the bulk dry shipping giant Foremost Group. China is using it to ship fentanyl to the drug cartels. Their CEO? Mitch McConnell's billionaire sister-in-law Angela Chao. Her death last week is being investigated and Mitch suddenly announces his retirement. There's going to be lots of this happening as more people (and countries) respond to the proven facts in this book. There are several politicians like Adam Schiff and Gruesome Newsom who may disappear after their ties to China go beyond this book. The Republicans could use it to launch literally dozens of indictments since the author has the proof of all allegations in the book.

Don't miss this one!

Biden posted 27 times about George Floyd yet he hasn't said a word about **Laken Riley**. The media has referred to her killer, Jose Ibarra as a 'Georgia man', when in fact he's an illegal alien from Venezuela, a 26-year-old who was arrested by U.S. Customs and Border Protection (CBP) on Sept. 8, 2022, after unlawfully entering the United States near El Paso, Texas. He was **paroled and released** for further processing. On Sept. 14, 2023, Ibarra was arrested by the New York Police and charged with acting in a manner to injure a child less than 17 and a motor vehicle license violation. He was **released** by the NYPD before a detainer could be issued. **Laken Riley** was a 22-year-old nursing student at Augusta University's campus in Athens, Georgia. Athens Mayor Kelly Girtz, declared Athens (where the murderer lived) a sanctuary city. You'd have to dig to find out more about **Laken Riley** but everybody remembers George Floyd, the criminal who died of a drug overdose? He was memorialized with 70 days of riots and wall to wall coverage by the LSM plus statues and murals not to mention four televised funerals and \$27 million of taxpayer money paid to George's family. On the day of Laken Riley's funeral, Joe Biden decided to memorialize criminal George Floyd. Floyd was a career criminal high on drugs, passing counterfeit money at the time of his death. He was so high at the time that there were enough drugs in his system to kill a horse.

About those huge fires in Texas...The deadly Texas wildfires have scorched over 1 million acres, killed thousands of livestock and destroyed crops. Ranches have burned, highways are shut down and thousands have been evacuated. There Is A Smart City Project Planned In Amarillo Texas and there is an existing "comprehensive plan" to "update the city" around these fires locations. The people who want To rebuild in Hawaii after those fires are the same people involved in Texas.

Where the hell are our "journalists"?

DHS Secretary Alejandro Mayorkas claims the wildfires in Texas are because of climate change. Never mind.

Tidbits

(a small and particularly interesting item of gossip or information)

Biden Family Lawyer Abbe Lowell Served as Legal Representative for Member of Chinese Criminal Gang Involved in Drug Trade.

Texas Attorney General Ken Paxton sued and Biden's \$1.7 Trillion Spending Bill Is Unconstitutional, Federal Court Rules *(after he spent most of it on illegal aliens?)*

New York's Democrat Gov. Kathy Hochul has plan to retool the Civil Service Commission to put illegal aliens at the head of the line for New York state jobs.

FBI agents assigned to raid the homes of January 6th protesters are stealing money and property *and getting caught.*

Biden found the dementia sweet spot. He's smart enough to lead of the Democratic party but not smart enough to be charged with crimes.
