

If you encounter a wine snob, do this to confuse them ...

A real man is a woman's best friend. He will never stand her up and never let her down. He will reassure her when she feels insecure and comfort her after a bad day. He will inspire her to do things she never thought she could do; to live without fear and forget regret. He will enable her to express her deepest emotions and give in to her most intimate desires. He will make sure she always feels as though she's the most beautiful woman in the room and will enable her to be the most confident, sexy, seductive, and invincible.

No wait... sorry...

...I'm thinking of wine.

It's wine that does all that.....

Never mind.

With the MN fishing opener upon us, thought I'd make fishing lures for my sons. Yes, I used the bottle caps from their favorite beer with bb's inside so it rattles too. Navy survival school taught me this and to drink beer.

**All the news I see fit to print.  
Freedom of the press belongs to those who own one.**

At least 56 incidents of arrests at 43 different U.S. colleges or universities since April 18. All anti-Israel and pro Gaza and Palestine. Iran has offered scholarships to the protestors. Over 1000 tracking devices of ILLEGALS who crossed the Border were tracked to 21 of the University protests all over the country. Professionally printed signs in great quantities miraculously appear on the day of the "spontaneous" demonstrations. Several tent cities have been erected on campuses. All the tents are the same and show up about the same time as those signs. The demonstrators may want to save those tents for after they graduate. Arrest records are going to follow them to their first job interviews. They're going to need those tents. First question at the interview should be to have them find Gaza or Palestine on a map.

**Federal funding of universities  
(\$ in their endowments)**

- Columbia: \$1.2 billion (\$13.64 billion)
- Penn: \$955.6 million (\$4.5 billion)
- NYU: \$805.5 million (\$5.9 billion)
- Yale: \$776.8 million (\$41.4 billion)
- Cornell: \$736.2 million (\$10 billion)
- Harvard: \$676.1 million (\$53 billion)
- UT Austin: \$645 million (\$25 billion)
- Berkeley: \$451.4 million (\$19.7 billion)
- Princeton: \$403 million (\$25 billion)
- GWU: \$200.2 million (\$1.8 billion)

That first number is the money they get from our taxes. Now factor in an average annual tuition from each student. There are typically an average of 30,000 students times four years at an average of \$38,000.00 each. Then **we** are liable for any student loan...which incentivizes the University to keep raising tuition while providing degrees that won't provide an income for the student to pay off that loan. **Tip:** trade school graduates have better income than most college graduates.

**Book Report**

From 1974, a classic spy novel with intriguing plot revealing the who and why of the JFK assassination. Given the author's background, it may not be fiction. Found this from a tip in Jack Carr's books as McCarry is the author he admires. **The Miernik Dossier** is another McCarry novel that is one of the most unusual plot narratives I've ever read. Don't miss this author.

Two of the main organizers behind University anti semitic protests are supported by Democratic megadonors George Soros and Bill Gates. Just one of the many moves they're making to help Schlab, Slop, (or whatever his name is) run the world the way he feels people with money (but not his) should spend it. Bet he can't get them to eat bugs.

Donald J. Trump  
@realDonaldTrump

It has always been clear that the "Documents Case" is nothing but an Election Interference Scam concocted by Crooked Joe Biden, Deranged Jack Smith, and their Hacks and Thugs. Now, **Deranged Jack has admitted in a filing in front of Judge Cannon to what I have been saying happened since the Illegal RAID on my home, Mar-a-Lago, in Palm Beach, Florida - That he and his team committed blatant Evidence Tampering by mishandling the very Boxes they used as a pretext to bring this Fake Case.** These deeply Illegal actions by the Politicized "Persecutors" mandate that this whole Witch Hunt be DROPPED IMMEDIATELY. END THE "BOXES HOAXES." MAGA2024!

*(gag order to prevent mean tweets?)*

When the top of the Department of "Just Us" is controlled by political appointees, this is what you get...lawfare. Fani, Jack and AI are useful idiots whose legal careers were already at a dead end until Soros got them either elected or appointed. They even found a former traffic court judge to get involved with a few of the indictments of Trump. Sure, there is the advise and consent of the Senate for the political appointees but that was corrupted by the 17th amendment which did nothing but encourage this kind of idiocy. When you analyze some of the problems we have with politicians, most of it is the direct result of the bastardization of the Constitution. Check this double standard as just one example: Trump was impeached and given a trial in the Senate in early 2020 based on the idea that he had held up an aid package to Ukraine in an attempt to benefit politically (in this case, investigating Biden family corruption in the country). Biden has halted multiple arms shipments to Israel that were authorized by Congress. Biden's decision comes amid a domestic political crisis for Biden in which he is desperately seeking to appease Hamas-supporting Democrats.

*So when does Biden's impeachment begin?*

Of course, the Lame Stream Media will ignore this double standard and praise VP Kamala Harris announcement of (*our tax*) investment of over \$100 million in electric vehicle (EV) manufacturing with a focus on black-owned businesses. Maybe she should have included the Chinese. Ports around the world are drowning under the glut of Chinese electric cars: 'Some are parked here for a year, sometimes more'. A dozen Chinese automakers have launched a commercial offensive to export nearly 4.1 million cars...that nobody wants to buy. Watch the Democrats go for even more incentives and rebates to justify Chinese donations.

## Tidbits

*(a small and particularly interesting  
item of gossip or information)*

Biden's DOJ shattered historical precedent by imprisoning Trump Trade Advisor Peter Navarro for contempt of Congress, destroying a 250-year tradition of honoring executive privilege. Navarro refused to testify at the J6 clown show led by Liz Cheney.

An executive order signed by Biden has focused on registering convicts to vote and exclusively involved left-wing non-governmental organizations (NGOs).

Biden Issues Rule Change to Give Taxpayer-Funded Obamacare to Illegal Aliens – Obama Promised This Would Never Happen giving more than 100,000 illegals free health care (*paid with our taxes*).

The day before 9/11 Rumsfeld talked about trillions of dollars "missing". Then a plane slams into the very part of the building where they were doing the accounting.

Biden Awards Nancy Pelosi For Her "Get Trump" Efforts as She Receives The Presidential Medal of Freedom for the J6 "investigation".

Chicago Teachers Union demands creation of dormitories for illegals and use of schools as sheltering places. The union's address at 1901 W. Carroll Ave. looks big enough for that. ..but NIMN? (*not in my neighborhood*)
