

Washington just became the first state in U.S. history to terminate a public employee pension plan. The plan belongs to retired police officers and firefighters. LEOFF Plan 1 was 160% funded as of June 2024 per the state's own actuarial valuation. It had not required a single contribution in 25 years. By 2029 it was projected to reach 200% funded with a \$4.3 billion surplus. The Democrat controlled legislature terminated the plan, swept \$3.9 billion, and is using \$880 million of it to refill a rainy day fund it already drained to cover a deficit it created. *Bet I can guess a couple voting blocks they just lost. Democrats did this with Social Security funds with Al Gore as VP casting the deciding vote. That fund has been "soon to be insolvent" ever since.*

Makes you wonder what they do with all that money totally about \$40 trillion...or, maybe we don't wonder any more:

1. 43% of all FOOD Stamps are Given to Illegals
2. 95% of Warrants issued for Murder in Los Angeles are for Illegals
3. Less than 2% of Illegals are picking crops but 41% are on Welfare
4. More than 66% of ALL births in California are to Illegals on Medi-Cal
5. 60% of all HUD occupied properties in the US are Illegals
6. 39% of All California Students are Illegals
7. 75% of Los Angeles Most Wanted Criminals are Illegals
8. 50% of All Gang Members are Illegals
9. U.S. Taxpayers are Footing the Bill for ALL

The Frank Report

5.16.2026 #540

All the news I see fit to print. Freedom of the press belongs to those who own one.

The term, originally written as "Gerry-mander," was first used on March 26, 1812, in the Boston Gazette as a reaction to the redrawing of Massachusetts state senate election districts under Gov. Elbridge Gerry. Simply stated, when you know where your voters are, you can determine boundaries based on where they live....if you can get away with it as Democrats have done for decades. If you look at the map in blue at top, here's what it does:

MA	36% Republican	0 seats
CT	42% Republican	0 seats
ME	46% Republican	0 seats
NM	46% Republican	0 seats
NH	48% Republican	0 seats
RI	42% Republican	0 seats
VT	32% Republican	0 seats
HI	38% Republican	0 seats
DE	42% Republican	0 seats

That's her at right during the COVID idiocy. She immediately tried to figure out a way to eliminate the VA Supreme Court with term limits retroactively.

Virginia's Gov Spambooger (sic) tried to do that and, for once, the Republicans actually fought back. The VA Supreme court ruled it unconstitutional since it was based on race as blacks in gerrymandered districts usually voted Democrat.

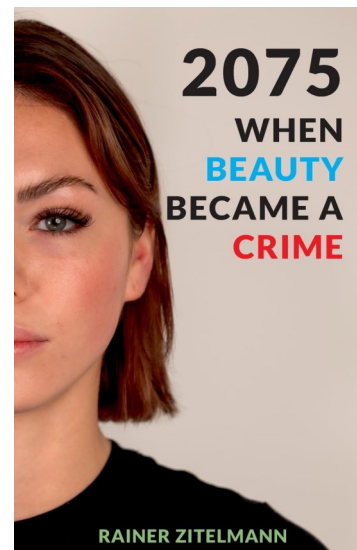

SCOTUS has since weighed in agreeing it is unconstitutional to use race to define districts with the liberal judges at the Supreme court dragging their feet in completing the process so the decision would not affect the midterm elections.

Too late! Check out the red map at top as Republicans are scrambling to gerrymander their districts and the result?

Democrats may lose upwards of 40 seats in the midterms!

You might recall in a previous newsletter I explained how the number of congress critters in each state is based on population. The Democrats insisted illegals be counted so they got more congress critters using gerrymandering. Apparently the Republicans have discovered a few geniuses in their midst since they have now totally flipped this scheme to their favor. **Liberal tears are flowing!**

Book Report

If George Orwell and Aldous Huxley made you think, this author has some new thoughts. for you.

In 2075, the war on inequality reaches its ultimate absurdity: beauty itself is declared a crime. When the 'Justice Party' brands attractive women as 'Privileged Beauties' and forces them into disfiguring 'Optical Optimization Therapy,' a courageous student and a journalist ignite a fierce resistance against the rising totalitarian regime.

Amazon is selling the paperback for \$24 but I will pass as I know how the plot works. Democrats have been doing it with white privilege for years now even though white people are only eight % of the world's population. That's not a typo...eight %. Those darn facts must be attacked!

Or we could just ignore the "inconvenient truths"?

RNC finally playing it smart. Democrats spent \$70 million in Virginia and some of us were bitching that the national GOP wasn't even trying to keep up. RNC lawyers KNEW the gerrymandering process was unconstitutional and would be killed by the courts, so they saved the GOP money and let the frantic Democrats spend theirs.

Illegal aliens are abandoning their dubious asylum and humanitarian claims and leaving the United States in dramatically higher numbers under President Donald Trump's immigration crackdown. According to new immigration court data, more than 80,000 illegals accepted "voluntary departure" orders between January 2025 and March 2026.

TN's 9th District will now potentially see Rep. Steve Cohen, a white Democrat, likely replaced by Charlotte Bergmann, a black female Republican. The NAACP has filed an emergency petition to attempt to block the redistricting in hopes of keeping the white man in his seat over a black woman.

The Trump administration's Administration for Children and Families (ACF) is calling out Minnesota Gov. Tim Walz (D) for hypocrisy as his state is among those diverting the Social Security Survivor Benefits of orphaned children to pay for child welfare costs.

A Somali grocer, Abdidwahid Mohamed, has been charged in a \$1.1 MILLION SNAP fraud scheme in Minneapolis. Investigators say he used other people's EBT cards to buy energy drinks and baby formula at Sam's Club and Costco, then resold the goods at his store. (a small and particularly interesting item of gossip or information)

Iranians Strike Cargo Ship Owned by Their Chinese Allies in the Strait of Hormuz. ooops!

Price of oil is down 25% to \$90 or \$30 per barrel since Biden's \$120 per barrel and will go even lower in the next few weeks. Oil companies and the public share a sweet spot of \$80 barrel according to history.

Former FBI Director James Comey is set to stand trial on July 15 on charges that he threatened to kill President Donald Trump by posting a photo of seashells spelling out "86 47" on a beach.

Democrats voted UNANIMOUSLY to not require the removal of dead people from Minnesota's voter rolls.

Data from the Minnesota secretary of state shows that 18,898 people used "vouching" to either update their voter registration, or become registered to vote, in Minnesota in 2024. Minnesota state law, an individual seeking to become registered to vote on Election Day can confirm their residency simply by having a registered voter "vouch" for them.

FYI: St. Paul, Minnesota, elected an illegal alien as mayor. Former state Rep. Kaohly Her beat out the competition to become the city's mayor, despite the fact she's not in the United States legally.

North Carolina's Medicaid billing for 'autism therapy' jumped from \$1 million to \$660 million.

Senator Fetterman said Obama has been on Capital Hill weekly issuing orders to Democrats.
