Got the pasta maker out again. This time making egg noodles for something I haven't had for quite a while...tuna casserole. I'm talking about that fancy albacore tuna packed in water. The Boys licked the three cans dry. My shot at it: Start with 3tbs butter, an onion and celery chopped. Sprinkle flour, salt and pepper and let it cook a bit. Then mix an egg, cup of milk and can of cream/mushroom soup. Low heat until thick and smooth. Add dash Worcestershire sauce, lemon juice and thyme. Next some mixed vegetables, sharp shredded cheddar cheese and the tuna. Spoon over cooked noodles in a Pyrex dish then sprinkle seasoned bread crumbs over the top. Oven at 350 degrees for 30 minutes. *You'll have to guess at quantities because I forgot how much I used.* Yes, it will freeze.

All the news I see fit to print.

Freedom of the press belongs to those who own one.

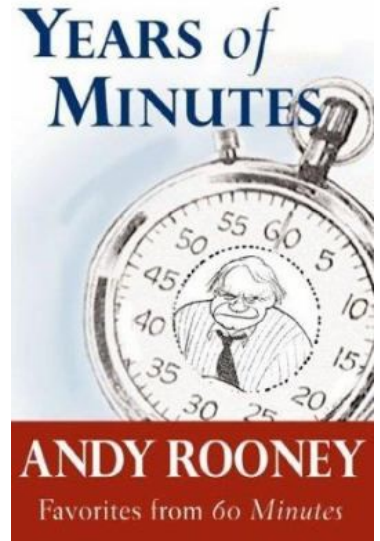

A local middle school in El Paso, Texas was shut down to house illegal immigrants flooding the country as Title 42 expired. Huge white buses with blacked out windows, drove up Cherry Valley Blvd. from the 10 Freeway, in Calimesa/Beaumont, CA at 9:00 AM on May 11th, a day before title 42 lifted. No doubt what they were. Large 60 person military style buses.

Migrants attempting to cross the border before Title 42 expired were ordering DoorDash, the meal delivery service, while waiting to cross and be apprehended. Under Title 42 asylum seeking immigrants were immediately removed from the country regardless of the validity of their claim. Without Title 42, they are given free cell phones (paid for with your taxes) and given court dates well into 2027.

South Shore, Chicago residents were outraged with the city's plans to bring in illegal immigrants to their neighborhood. The Chicago Mayor's Office is making plans for housing up to 500 illegal immigrants at the old South Shore High School, but officials have not clarified for how long. Data shows that 74% of Cook County, of which South Shore is a part, voted for Biden, while only 24% voted for Trump. South Shore, Chicago voted for Joe Biden in 2020 by 97%.

Joe Biden's Department of Homeland Security has been coordinating with Mexico on an encrypted Whatsapp channel. In touch with U.S. Border Protection when immigrants were prepared to cross the river, "We're letting them know that there's a group of people ready to cross," one officer explained. The Americans on the other side would ask the Mexicans to hold back the migrants until the they had finished processing the last batch into the country. Once the Americans felt they could take in more, they message the Mexicans that "they are ready to receive them."

MASSIVE TAX HIKE IN ALL STATES GUARANTEED: Migrants by the millions, each costing over 35K a year for schools, free housing, free cell phones and an increase in crime statistics.

Book Report

I miss this guy. There are several books from him available at the used book store: www.thriftbooks.com

Less than \$5 for most books and free shipping if your order is \$10 or more. I bought half a dozen of his books. This one is 523 pages and covers 1982 to 2003. Much nodding of my head and several belly laughs. It's my recommended exercise regime.

Season one a big hit in spite of the gratuitous nudity and very minor woke trans character. Ends on a cliffhanger and season two not until next summer but I did enjoy it. And my thanks to daughter Susan who lets me check out Netflix offerings on her subscription. Grandson Shane lets me check HBO on his.

This month is called May because it “may” snow, rain, be 70 degrees or 20 degrees.

I always drive fast to get there before I forget where I’m going.

Senior GPS: Tells you how to get there and then why you wanted to go there.

Tip for parents: you cannot make donations to Child Protective Services. You’ll have to wait until they move out on their own.

And a big hat tip to Brent and Judy for reminding me:

During the great depression, **Herbert Hoover** ordered the deportation of ALL illegal aliens to make jobs available to American citizens that desperately needed work.

Harry Truman deported over two million illegal aliens after WWII to create jobs for returning veterans.

In 1954 **Dwight Eisenhower** deported 13 million Mexicans. The program was called Operation Wetback. It was done so WWII and Korean War veterans would have a better chance at jobs. It took two years, but he deported them!

Border Patrol agents in a single border sector arrested five migrants later discovered to be on the FBI’s Terrorist Database (TSDB) watch list. The apprehensions occurred in the Tucson Sector of the border shortly after the end of Title 42. According to a source within Border Protection, not authorized to speak to the media, the migrants were referred to the FBI’s Joint Terrorism Task for further investigation and identity confirmation....

...and then registered to vote?

Over 200 terrorists have been caught entering this year, which means the enemy have THOUSANDS HERE – which accounts for the attacks all over the nation taking place.

With the busy summer season approaching for air travel, the Biden administration is once again compromising aviation security by plucking Federal Air Marshals (FAM) from their congressionally mandated duty of protecting the nation’s transportation system to help on the Mexican border. The highly skilled law enforcement agents will not be performing work related to their training, but rather babysitting illegal immigrants, conducting welfare checks, hospital watch and transportation services, according to Homeland Security sources interviewed by Judicial Watch.

There is an obvious number of single, adult males in the illegal alien migration...including Chinese. Wonder if they are tracking these potential threats? Free cell phones costing taxpayers over \$300k daily were intended to be used to track them. Unless they strap those phones to their ankles, you’ll find the phones in the nearest dumpster....outside the luxury hotels they are enjoying.

An unnamed 16-year-old boy was ruled incompetent to stand trial after shooting a man in the head in Brooklyn Park, MN. He also had 12 misdemeanors, all of which were dismissed by the judge. The young man was turned back over to his mother.

No time behind bars. No punishment at all. No mental health treatments if he was truly insane. Just a court appearance and no consequences.

Is it a shock that eight months later he did it again? Does it shock you can’t find this on the news or that Gov Timmy ignores it?

Minnesota Democrats stripped an amendment from an omnibus public safety bill that would have made it harder for sex offenders to live near daycare centers.

By August 1 of this year recreational cannabis will be legal in Minnesota. Given the Democrats actions in the legislature they control, they must be running low on their supply?

Here’s hoping we can survive this onslaught. In the meantime, keep polishing those bullets.

Until next week...
