

Recipe Corner

Been experimenting with wheat gluten...it will improve elasticity and rise of raw dough and the crumb and chewiness in the final loaves. It really helps the specialty loaves such as rye and sourdough.

I've added it to my 3triple2 bread recipe, but instead of a full loaf, (top of picture) I use Pyrex dishes and create eight small loaves. They freeze well...then 30 seconds in the microwave and then oven at 300 degrees for about ten minutes. Result is just like fresh from the oven.

THE FRANK REPORT

5.9.2020 #225

All the news I see fit to print.
Freedom of the press belongs to those who own one.

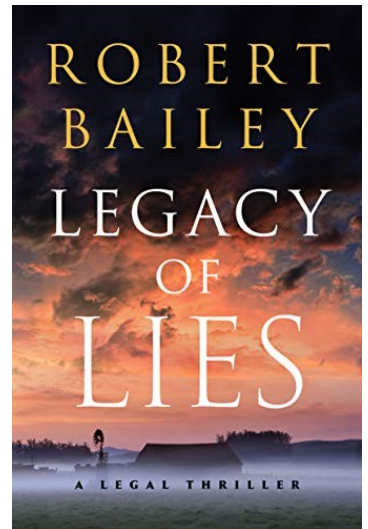

Chuck and Nancy have been busy little beavers during the beer flu pandemic. While blaming Trump instead of China, they have managed to orchestrate the following; specially within states with Demorat (sic) governors...

- 1.) CLOSE CHURCHES AND GUN STORES
- 2.) KEEP MURDERING BABIES IN ABORTION CLINICS.
- 3.) RELEASE FELONS.
- 4.) LOCK UP CITIZENS.
- 5.) SUBSIDIZE ILLEGAL ALIENS.
- 6.) BAN POTENTIALLY LIFE SAVING DRUGS.
- 7.) FUND THE KENNEDY CENTER.
- 8.) BUY PPE FROM CHINA.
- 9.) GIVE THEMSELVES A RAISE.
- 10.) BLOCK RELIEF FUNDS FOR SMALL BUSINESS.
- 11.) GO ON VACATION.
- 12.) INVESTIGATE TRUMP - AGAIN.

Autocorrect has become my worst enema.

Book Report

Another Amazon Prime free book by an established author. First in series with **Bocephus Haynes** as hero. Bailey weaves a dozen characters through a plot with a wild twist at the end you won't see coming. Highly recommend.

In solidarity with the current crop of "journalists", I have hung my certificate of peer approved membership in the international fraternity of journalism (Pi Delta Epsilon)...

**Upside down.
In my bathroom.
Over the toilet.

DiL Brenda here today to work on the landscaping. Fantastic results and making neighbors jealous.

Grandson Hunter here with his mom for the first grass cutting of the season. The new cables, spark plug and oil change I did this winter worked as it started on the first pull.

Rabbits did a number on the flower bushes this winter. Brenda and I are figuring out scenario to discourage them. New scope on rifle is zeroed in but might scare the neighbors. Anybody have suggestions?

Brenda is cogitating plantings for the fence line to increase privacy. Neighbor has used lilac bushes but they are messy and he spends lots of time pruning (*with my chain saw*) and burning the excess. Maybe those tall Italian cypress? I always defer to Brenda's suggestions. I'm also armed and ready for any Japanese beetles that show up this year. They almost killed my trees two years ago.

One day a florist went to a barber for a haircut. After the cut, he asked about his bill, and the barber replied, 'I cannot accept money from you, I'm doing community service this week.'

The florist was pleased and left the shop.

When the barber went to open his shop the next morning, there was a 'thank you' card and a dozen roses waiting for him at his door.

Later, a cop comes in for a haircut, and when he tries to pay his bill, the barber again replied, 'I cannot accept money from you, I'm doing community service this week.'

The cop was happy and left the shop. The next morning when the barber went to open up, there was a 'thank you' card and a dozen doughnuts waiting for him at his door.

Then a Member of Congress came in for a haircut, and when he went to pay his bill, the barber again replied, 'I cannot accept money from you. I'm doing community service this week.'

The Member of Congress was very happy and left the shop. The next morning, when the barber went to open up, there were a dozen Members of Congress lined up waiting for a free hair cut. And that, my friends, illustrates the fundamental difference between the citizens of our country and the politicians who run it.

Vindication Day...General Flynn free to comment about the clown show. They can't threaten to destroy his family after bankrupting him with legal fees. Obama is identified as a player in this farce. Three+ years and millions of tax dollars while the House spends every moment on this charade. Who in hell would vote for a Democrat after this...and much more...comes to light? Sadly, San Francisco voters—dead and alive—will step over human feces to keep Pelosi in power. Who are these people? Has our political structure become so bad that rage and vindictive plots have replaced our Constitution? Have you noticed that states with Democrat governors have issued the most restrictive orders to keep our economy from coming back and have destroyed over 20 million jobs? That rage and vindictiveness is so vile they would literally destroy our country because Hillary missed "her turn". Then they put poor Joe out there knowing full well they will be replacing him with one of the Democrats pushing as hard as the women doing everything they can to get the VP spot with Joe.,,even MN's Klobuchar.
