

*"Do I have to wear one of those masks"?*

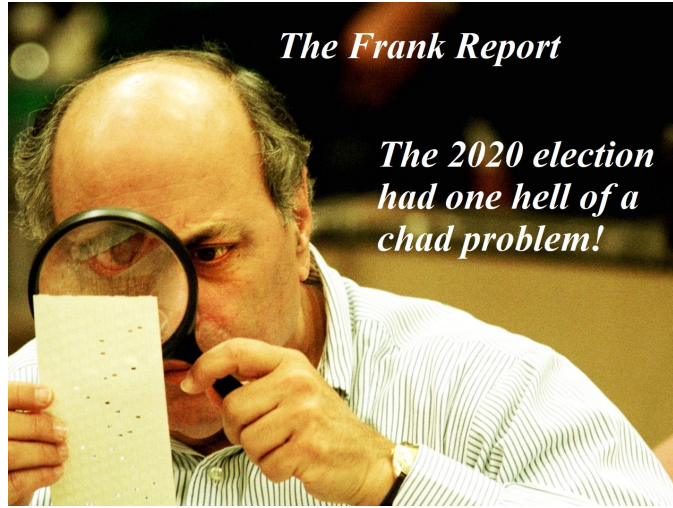

New vaccines for pandemic bird flu **have already been developed and stockpiled by Biden's government.** These new vaccines were not designed for birds and other animals, where the current strain of bird flu is spreading. Even though this strain of bird flu has not even been transmitted from human-to-human, there is already a new supply of H5N1 vaccines and other mRNA "bird flu" vaccines in the works.

**See the pattern? Do they really think we're going to fall for this a second time?**

*"I should have kept my beak shut!"*

Take Bird Flu seriously, not because it has been proven to pose a real threat to humans but because the powers-that-be are already using it to attack our food supply, as the Lame Stream Media "reports possible" infection in beef cattle and pigs. Watch for "emergency powers" that will interfere with the November election. It's become so ridiculous, that Trump may be blamed and jailed until the "studies" are completed.

***All the news I see fit to print. Freedom of the press belongs to those who own one.***

Biden rallies couldn't get 50 people even before COVID.  
He won a record low 17% of counties,  
Had less Black & Hispanic support,  
Lost 18/19 Bellwether Counties,  
Lost Ohio, Florida, & Iowa,  
Lost 27/27 House "Toss-Ups",

The media claims he shattered the popular vote record.

Trump..... 74 Million votes..... won 2,497 counties  
Obama..... 69 Million votes..... won 873 counties  
Biden..... 81 Million votes..... won 477 counties

212 million registered voters,  
66.2% voted = 140.3 million.

President Trump was allowed 74 million votes,  
leaving 66.3 million votes for Biden.

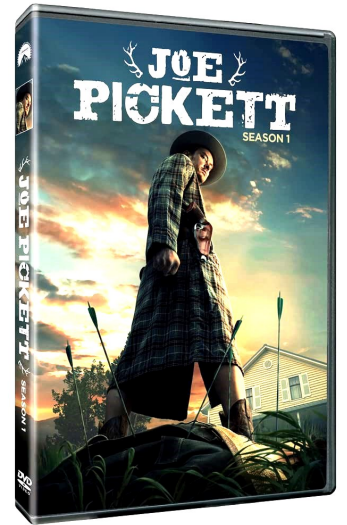

Trump..74 million votes...won 2497 counties  
Brandon....66 million votes....won 477 counties.  
47% of the vote won 16% of the counties?

Claimed 81 million Biden votes less 66 million "legitimate" votes suggests at least 18 million fraudulent votes being discovered every day....Trump votes were switched to Biden. Trump votes were destroyed and deleted. Trump votes likely exceeded 100 million - the largest in American history.

Trump Would Have Won in 26 out of 29 Mail-in Ballot Fraud Scenarios During 2020 Election...33 million mail-in ballots in 2016...approximately 65.5 million in the 2020 Election, despite warnings from a bipartisan report from Jimmy Carter and US Secretary of State James Baker in 2005 said mail-in balloting was "one of the major sources of fraud."

***Well...duh?***

### **Book Report**

C.J. Box, author of the *Joe Pickett* novels, is also Executive Producer of the Paramount TV series thus in charge of how well it follows the book. I bought the first season DVD and got confused as I thought I had already viewed the TV show. Dawned on me that it was because it followed the book so well. Reviews dissed the Nate Romanofski choice of actors claiming DEI/black actor choice but he hit the personality perfectly. Season Two ordered. Season Three being filmed. Meanwhile, I'm enjoying the Preston&Child books that friend Dr. M sent. The *Pendergast* series is great.

Next year, maybe we use WH Briefing as only source of news as Trump refuses to interact with the LSM?

Joe Biden's \$320 million floating pier built to deliver humanitarian aid to Gaza took another blow when heavy waves sent four U.S. Army vessels servicing the pier adrift, ending up beached on Israeli coast. The pier is now a total loss having sunk when they tried to move it. Close to 75% of the humanitarian aid transported from the pier before it sank was stolen before it reached the UN warehouse.

Joe Biden last Saturday commemorated the death of George Floyd, who died four years ago during an arrest with a potentially lethal amount of fentanyl in his system, according to a medical examiner who examined his death. "Today, I join all those who loved him and all those touched by the civil rights movement he inspired in remembering the tragedy and injustice of his death," said Joe "you ain't black" Biden. Minnesota Gov. Tim Walz also proclaimed last Saturday "George Floyd Remembrance Day".

Both two days before memorial day. Ohhhhkay!

## Tidbits

*(a small and particularly interesting  
item of gossip or information)*

Shutting down Russia's pipeline was supposed to cripple their economy.  
*Why did we shut down ours?*

The real job before Trump is not cleaning up the mess Biden created.  
It's to clean up the mess  
that created Biden.

Joe Biden is releasing one million barrels of gasoline from the Northeast Gasoline Supply Reserve in a bid to reduce prices as summer driving season begins *(and November presidential election draws nearer)*.

Kaiser Permanente, one of America's largest healthcare providers, is now desperately inviting back the very doctors it unceremoniously dismissed for their refusal to comply with its COVID-19 vaccination policy.

In 2016, Trump held 132 rallies across 43 states. In 2024, the former president has held just 24 rallies in 11 states because he was in a courtroom. Due to Biden's lawfare.

On May 25, Pope Francis' inaugural World Children's Day featured a male performer who danced in drag "for the children" as Piglosi says.

Judge Who Put Transgender Child Rapist in a Women's Prison Who Then Raped Cell Mate Has Been Nominated to U.S. District Court by Joe Biden. *Well, why not?*

*Until next week...*
