

Recipe Corner
Beef Marinade

- 5 large garlic cloves
- 1 teaspoon salt
- 1/4 cup dry red wine
- 1/4 cup balsamic vinegar
- 1/4 cup orange juice
- 1 tablespoon soy sauce
- 1 teaspoon honey or sugar

Ziplock bag for at least two hours at room temperature. This breaks down the fiber in the beef so cheap cuts become as tender as more expensive cuts.

Beef bottom round is my favorite as they can be cut 1/2 to 3/4 inches thick. Don't remove the fat...it makes great smoke when you're grilling and adds to the flavor.

Notice the cleaver...from Chicago Cutlery so it holds an edge better than most knives. Great hand control and sharp enough to slice tomatoes so thin: only one side.

THE FRANK REPORT

All the news I see fit to print.
Freedom of the press belongs to those who own one.

House Speaker Nancy Pelosi (D-CA), after demanding the removal of Confederate statues occupying the U.S. Capitol, has remained silent on her father's role in overseeing the dedication of the Stonewall Jackson and Robert E. Lee Monument while serving as Baltimore's mayor in 1948.

During a round table in Philadelphia, Joe Biden claimed the death of George Floyd was bigger than the assassination of Rev. Martin Luther King, Jr.

Police were called to a Baltimore County, Maryland, home after school personnel spotted a BB gun in the home during a virtual class session.

Social media platform Twitter is testing a new feature that shows users a message urging them to read the article linked in a tweet before retweeting it to their own followers.

Book Report

This has been #1 on Amazon and NYT lists; is also Owens' debut novel. Came out in 2017 and sold 6MM copies so far thus got my attention. Glad it did. It's one of those books you'll remember for a long time. Pay attention to the snippets of poetry sprinkled throughout the book...hints at plot twists...huge one at end.

Released a few months before I was born. HBO decided (for whatever reason) to drop it from their list. I have a dvd and watched it again...as good as the first time. Amazing visuals even without CGI...the not so friendly visit by General Sherman to Atlanta recreated in some amazing footage that captured the event. Titanic only movie I can think of that might stand up to test of time as this one did.

During the year between the summers of 2018-2019, the Minneapolis Police Department (MPD) was *unable* to immediately respond to 6,776 priority one calls. A priority one call can involve a shooting, rape, or domestic assault in progress. The city government says its “objective is to have a squad en route to a priority one event within 70 seconds of receipt by the dispatcher.” MPD requested 400 new officers in September 2019. Mayor Frey asked the council for 14 additional officers – three in traffic, three in investigations and eight beat cops. The MPLS council gave them four...4...single digit four. Chicago has 44.2 officers per 10K population. Mpls has 22.8 per 10K population...with 880 officers and 229 “other” employees. Seven quit today.

The pledge to abolish the police comes up against the MPLS city charter’s requirement that the city maintain and fund a police force (“of *at least* 0.0017 employees per resident”). Any move to abolish the police would have to be submitted to MPLS voters in the form of a proposed amendment.

Pelosi presents flag to George Floyd’s brother.

CNN (experts at Photoshop) turning a black Antifa looter into a KKK white privilege killer.

CNN is dedicated to the race war. Makes for good clickbait. BLM riots good. Trump rallies bad.

In 1964, Democrats held the longest Senate filibuster in our nation’s history, 57 days. Trying to prevent the passage of one bill:

The Civil Rights Act

BTW: Did you know that the first slave in America was white and was owned by a black man, Anthony Johnson? You won’t believe me unless you look it up! Happened in Virginia in 17th century.

In other “news”, all that effort and money spent by the left to ban guns and the only one they managed to get belonged to Elmer Fudd.
