Long Island Iced Tea

As we get closer to the general election I will be providing special recipes to help you survive the onslaught of political bullshit.

In a tall glass, add the following:

- 1 part vodka
- 1 part Tequila
- 1 part light rum
- 1 part gin
- 1 part triple sec
- 1 1/2 parts sweet/sour mix
- Splash of cola for color

Stir with a plastic straw* and then add ice cubes.

Tiny umbrella optional.

Repeat frequently.

**Our California subscribers can obtain the straws by sending a stamped self-addressed envelope to me.*

Alcohol is not the answer, it just makes you forget the question.

Yea verily!

THE FRANK REPORT

8.15.2020 #239

All the news I see fit to print.

Freedom of the press belongs to those who own one.

I have an important message for those voters who elected Governor Walz and Mayor Frey: When you wake up each morning, please remember: **Trousers first...then your shoes.**

I find it hilarious that Bill Gates is deeply involved with the pandemic. Remember that "an apple a day keeps the doctor away"? Well, why is it that Apple has few problems with any virus while Norton is making a fortune selling anti-virus software to protect any Microsoft product. Meanwhile, our Governor Timmy here in MN is still protecting us.

100 Robberies and 20 Carjackings have been reported to 3rd Precinct Police in July alone. Downtown and Southwest Minneapolis have seen an increase as well. We want those who live and work here to be safe!

Robbery Prevention Tips:

- Do not walk alone
- Be hyper-aware of your surroundings at all times - pay attention!
- Carry only items you need, and carry less cash
- Be prepared to give up your cell phone and purse/wallet
- Have keys already in your hand as you approach your car
- Despite all our efforts, robberies may still occur! Do not argue or fight with the criminal
- Do as they say: your safety is most important!
- Be a good witness. When you call 911, be prepared to answer many questions. How many suspects? Age, height, complexion, hair and eye color? Scars or tattoos? Weapon- what did it look like? What direction did they leave in? Vehicle description?

Book Report

Newest *Gabriel Allon* vs the Catholic Church book. Reads like a cut and paste of previous Gabriel Allon books. Catholic bashing more strident and multiple plugs for CNN as best news source as the plot unfolds. Author's notes reveals wife works for CNN and Jeff Zucker his best friend. Sorry to see him destroy the franchise.

Wrote a one star review on Amazon. Bet they won't print.

Cartoon by Wyant at the Boston Globe hints at huge collusion. NYT best seller list just as suspect of bias.

I should make you guess what these are. It's the first batch of Roma tomatoes from the garden Brenda planted. I cut the top off and place them on parchment paper then into the freezer overnight. When they thaw, the skin comes right off and I then use a blender to make marinara sauce. Then into two cup containers and back into the freezer. Judging by the taste, the tomatoes love the process.

Friend Ralph has sent me a fairly comprehensive list of what Trump has been able to manage while the Dumbocrats were doing everything possible to stop him. It's a list with something for everybody...even some "normal" Democrats. I'll tag it on the email.

I'll also tag the Amazon rejection email I received for my one star review.
