Book Report

Non-fiction recap of events prior to Trump candidacy and how Democrats positioned their narrative for Hillary's "win" ...and then it hit the fan. The author is a former "never trumper" who saw the light after he started his investigation. Middle column Clinton Foundation income tracked to the Uranium One sale to Russia and millions to Clinton Foundation as a quid pro quo with John Podesta right in the middle. Lots of inside baseball stuff with a conclusion that some of these people have got to wind up in prison. If not, you'll want to throw up your hands and start buying more ammunition. Author is a former federal prosecutor and knows the ins and outs of how Mueller's team brought obfuscation to a new level. He uses plain English not confusing legalese. Don't miss this one.

Maybe dogs snitch on drugs because...

Try that with a cat...?

Things my cats have taught me:

If you can see the bottom of your food bowl, you stand the chance of immediately dying within the next five minutes thus the reason for the loud yowling.

Bernie Sanders wants to consolidate and get government control over all utilities...what could possibly go wrong?

Remember Joe The Plumber's confrontation with Obama? He's just finished the bathroom in Obama's new mansion...

...just wait until Obama tries out the new bidet!

That's a wrap for this week. If you enjoy...pass it on. If you don't, I don't care...I'm old.
