*All the news I see fit to print.
Freedom of the press belongs to those who own one.*

With 400 consecutive weekly issues of this newsletter, I figured it was time for some retrospection. It really goes back to 1961 as an annual Christmas letter and evolved into a occasional letter to the kids and family members. Then my wife died at 6:02 pm on November 7, 2015. She had me under control for over half a century. My kids took charge and after 15 moves to ten states, I now find myself back in Minnesota since July 2016.

They should have kept me off the internet...

July 4th, 1962
**Reported for duty at
NAS Pensacola, FL
just out of college.**

June 6, 1966
**Started family and career: 3M
Public Relations Department.
What could go wrong?**

Here's what went wrong:

1966 national debt was \$320 Billion, about 40% of the GDP.
2022 national debt was \$31 **Trillion**, about 123% of the GDP.

I'll bet politicians got most of it!

Saul Alinsky is the man who wrote a book that has become a bible for liberals: **"Rules for Radicals"**. Hillary Clinton wrote her college thesis on this book and highly admired the author. Richard Cloward and Francis Fox Piven were students of Saul Alinsky and added to his work of promoting atheistic communism as a replacement of our Republic. They came up with an eight step plan designed in 1966 that called for the ultimate destruction of the United States.

**Here are their eight steps so you can figure out
just how well they're doing:**

- ***Healthcare** – Control healthcare and you control the people.
- ***Poverty** – Increase Poverty level, poor people are easier to control.
- ***Debt** – Increase the debt to an unsustainable level.
- ***Gun Control** – Remove ability to defend themselves from Govt.
- ***Welfare** – Take control of Food, Housing, and Income.
- ***Education** – Take control of what people read and listen to and what children learn in school.
- ***Religion** – Remove the belief in God from the Govt and schools.
- ***Class Warfare** – Divide the people into the wealthy and the poor.

... that's where I found the real journalists I was used to who were delivering facts allowing me to make my own conclusion about what they meant. The problem was very evident (at least to me) given my journalism education and experience. Gone were the days of Edward R. Murrow and the Huntley/Brinkley newscasts. Instead, I found TV news to be repetitive (*Operation Mockingbird was the CIA program responsible for this*) and figured my journalism professors were turning over in their graves for the use of the avalanche of pejorative adjectives in the "news" reporting by people like Lester Dolt and the rest of the Lame Stream Media. Real journalists question everything...which brings me to Rush Limbaugh and others who saw their audiences grow as they questioned the Lame Stream Media controlled by politicians using the CIA to control what their constituents heard as "news".

The voter at right is the main reason politicians have been able to grab and maintain power for so many years.

**Here is where we are
right now:**

Control of the election process is now the only way politicians can maintain control. They keep testing their power with "facts" like *"men can get pregnant"* and *"kids can make the decision to have sex mutilation surgery"*. They can now claim to have the power to overrule our Constitutionally affirmed God given inalienable rights. Politicians will continue to have control as long as they control the elections. Never mind the tactics they are using to confuse. Stay focused on the integrity of the election process or we are going to lose the battle. Either we will control the government or the government will control us. That's my conclusion. *I also wish to receive thanks for refraining from all caps and bold as I continue to publish this newsletter.*

Mine's an amusement park!**

**Things are not
getting worse. They're
getting more obvious.**

**In Biden's 'Merica,
you're innocent
until proven conservative.**

**Congress has become
history's most expensive
nursing home.**

**Speaking the truth has
become political suicide.**

**Alcohol, Tobacco and

a great idea for a store.**

**Trump seems to have a
valuable political weapon:
a bond with the people.**

**Test your politician to recite
the Ten Commandments;
then IQ and drug tests.**

**There is no mention in
The Constitution of political
conventions nor parties.**

**"With all due respect"

**Sometimes you win.
Other times you learn.**

**It's not always about
how good you are
but how bad you want it.**

**Our so called "leaders"
better start checking
over their shoulders
*to see if we're still there.**

***We may be home

Just saying...**

KEEP WATCHING FOR ELECTION FRAUD:

The new one they're trying is called
ranked choice voting...and here is how it works:

Abe Lincoln, Stalin and Mao are running for office. No one has heard of Mao but everyone knows Lincoln and Stalin. Because Lincoln voters are conservative or "values voters" they would never rank Stalin or Mao as their 2nd candidate as neither hold their values. As there is little difference between Mao and Stalin their voters each rank the other candidate as their 2nd choice.

In the election, Lincoln gets 49% of the vote. This does not meet the threshold (50%) required for a clear majority win in Rank Choice Voting. Consequently, the election goes to an immediate machine run-off or "ranked choice" vote where Stalin receives 27% of the vote while Mao only 24%. Because Stalin and Mao voters ranked each others candidates 2nd, Stalin wins the election as his number of votes, combined with Mao voters' 2nd choice, surpasses the 50% threshold required to win.

Stalin wins despite Lincoln getting more votes.

They plan to get away with this and other election fraud schemes by getting your attention with the eight steps the Cloward/Piven used during the first COVID fiasco, then steal your votes when you're not looking.

Seems to have worked in 2020.

The U.S. Food and Drug Administration (FDA) announced the approval and emergency use authorization (EUA) of updated Pfizer and Moderna COVID-19 vaccines for the election season 2023-2024. This highlights the FDA's acknowledgment that previous vaccine versions were ineffective against newer variants.

Besides all that money Biden is sending Ukraine, here's an interesting news item about the weapons we're sending:

This was on 9.11.2023.

You can't make this stuff up.

Until next week...
