**Taco Salad**

Roselee introduced me to this. It's got all the ingredients of a taco yet easier to eat.

While frying hamburger with bits of onion and garlic, place Tostito chips liberally spread with refried beans on a plate. Cover with shredded cheese and microwave for about a minute to melt the cheese. Make sure the hamburger gets some taco seasoning with added water to boil the seasoning into the meat making a sauce. Spread the hot hamburger over the chips and cheese. Top with shredded lettuce and diced tomatoes. You can add salsa too. I usually add diced sweet peppers to the hamburger while it absorbs the taco seasoning.

**THE FRANK REPORT**

9.22.2018

*All the news I see fit to print.  
Freedom of the press belongs to those who own one.*

Say what you will about Amazon, but their customer service is outstanding. Here's a testimony:  
Ordered a T-shirt for my daughter's b'day:

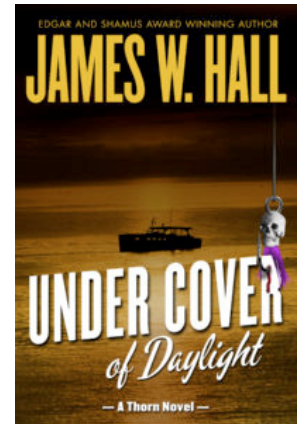

When checking out, noticed I used the wrong shipping address. Tried to change just two minutes later but they had already shipped! Contacted them and got an immediate refund AND they said I could keep the one sent. My mistake and they not only made sure the second order went to my daughter, they ate the cost of MY mistake. Try that with Target!

*I don't have a Facebook account.  
Spooky!!!*

**Book Report**

Back to 1987 for his debut novel introducing the **Thorn** character. He nailed it. Same guy you'll find in later books. My library had one of the original, well read copies.

Krueger recommended his own book for more info on Cork's Secret Service friend Bo. Glad he did...it's one of his better books.

My blog is now up and running.

Have been getting mixed reviews but since I'm doing it for cathartic reasons, I'm more impressed that a major news aggregate site has picked up two of the articles and have said they will be linking to my blog on their website. Given their over 2 million viewers per month (and growing fast) I'm sure my email inbox may start filling up.

Kelvin Brandl (right) is older than brother Jack...and is getting even older on the 26th.

They do what The Drudge Report does but better, more often and with better balance as they clearly identify liberal versus conservative but include both in their reporting.

It started with a comment I made to their editor along with a suggestion for an article. He loved the idea and pushed me to start the blog and send him the link.

After wrestling with the software required for a blog, I was able to figure out a format and how to post articles on my blog. Dug through past newsletters and posted articles you may have already read.

In the meantime, I'll also continue with this newsletter. There's just too much lunacy out there for me to ignore.

Aunt "Mishmouse" with nephews Chase (left) and Tanner. Chase's bride Stephanie got to meet Michelle's cousins, Margaret and Susan. Grandma Margaret (Roselee's sister) had bail money ready if needed. Larry Hicks was out back counting llamas when the pictures were taken.
