

Jacob Rockwell was fined for running a red light in Pensacola, Florida. Only thing is Jacob wasn't in Florida, he was in Alabama. He was found guilty by default and convicted by a computer program.

Then Jacob did what I did back in May 2009:

The Illinois Tollway system issued a picture of my license plate and claimed I had gone through without paying. Their problem was, I had receipts showing me hundreds of miles away from that tollway at the time. Of course, they said I would have to appear in court to contest the ticket.

Nice try Illinois...I contacted the MN Attorney General's office and laid out the problem with receipts. Turned out it was a cash cow for Illinois since they knew people would pay the fine rather than drive all that way for an \$82.00 fine.

I contacted Lori Swanson who was MN AG at the time.

She promptly issued an injunction forbidding Illinois from issuing these tickets to MN residents. She served as AG until 2018 when she ran for governor. She lost to Tampon Timmy Walz. Lori was the last DFL politician I ever trusted. I find it easier to avoid the entire state of Illinois and their tollways.

I did send Illinois a bill for my time and expenses. Oddly enough, never heard back from them.

The Frank Report

7.4.2026 #547

All the news I see fit to print.

Freedom of the press belongs to those who own one.

Social Security has to be the greatest Ponzi scheme politicians have ever thought of...and are now warning their victims that it's going to get worse. Let's backtrack and find out just what "they" have done:

Franklin Roosevelt, **a Democrat**, introduced the Social Security (FICA) Program. He promised:

- 1.) That participation in the Program would be completely voluntary,
- 2.) That the participants would only have to pay 1% of the first \$1,400 of their annual incomes into the Program,
- 3.) That the money the participants elected to put into the Program would be deductible from their income for tax purposes each year,
- 4.) That the money the participants put into the independent "Trust Fund" rather than into the General operating fund, and therefore, would only be used to fund the Social Security Retirement Program, and no other Government program, and,
- 5.) That the annuity payments to the retirees would never be taxed as income.

Q: Which Political Party took Social Security from the independent "Trust" fund and put it into the General fund so that Congress could spend it?

A: It was Lyndon Johnson **a Democrat** and the **Democrat** controlled House and Senate.

Q: Which Political Party eliminated the income tax deduction for Social Security (FICA) withholding?

A: The **Democrat** Party.

Q: Which Political Party taxed Social Security annuities?

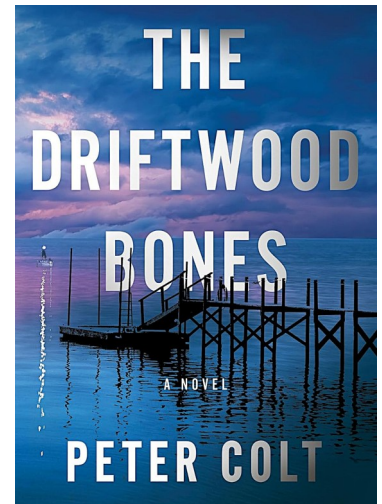

A: The **Democrat** Party, with Al Gore casting the "tie-breaking" deciding vote as President of the Senate.

Q: Which Political Party decided to start giving Social Security annuity payments to immigrants?

A: Jimmy Carter and the **Democrat** Party. Immigrants moved into this country, and at age 65, began to receive SSI Social Security payments! The **Democrat** Party gave these payments to them, even though they never paid a dime into it!

Democrats are now warning that Social Security is in trouble.

Gee...ya think?

Book Report

Peter Colt is a police officer in Providence Rhode Island since 2007. This is the second in the series...Detective **Tommy Kelly** has been exiled to Nantucket as the island's lone state trooper punishment for professional misconduct (first book). For a homicide detective, there isn't much to do in a place others call paradise. Until a young woman is found floating in the harbor. Tommy solves it but screws up again. Peter Colt's bio includes the fact that he writes because he enjoys it. John D. MacDonald was more succinct. He said he didn't care if anyone liked his books because, Like Colt, he wrote for himself and not an audience. Looks like we have another winner in Peter Colt.

Beware Grandkid Scam

Grandkid says he's learning how banks work. Says he opened a bank account. Wondered if I would transfer \$10 to it to see if it works. Didn't expect to get the \$10 back. Neither did the other seven relatives he contacted.

More "fun facts" about Social Security:

In 1939, two new categories of beneficiaries were added: spouse and minor children of a retired worker. 1954, the Disability program was added to Social Security. 1961: Early retirement age lowered to 62, with reduced benefits. 1965, Medicare health care benefits were added to Social Security. The Supplemental Security Income (SSI) program was added to Social Security in 1972. In 1997, Temporary Assistance for Needy Families replaced Aid to Families of Dependent Children, which was also added to Social Security. 1997 State Children's Health Insurance Program (SCHIP) was also added to the Social Security Administration. 2003 Voluntary drug benefits with supplemental Medicare insurance payments from recipients added. BTW: the Social Security retirement plan is so great that congress critters decided to start their own with average annual pensions range from approximately \$41,000 to \$84,500, with the maximum potential benefit reaching \$139,200 for a member "earning" their standard \$174,000 salary.

To help save Social Security, I'm sure the Government will announce that the Immigration Department will start deporting seniors (instead of illegals) in order to lower Social Security costs. Older people are easier to catch and will not remember how to get back home.

I started to cry when I thought of you.

Then it dawned on me... I'll see you on the bus.
